PROXY STATEMENT FOR ANNUAL MEETING OF SHAREHOLDERS TO BE HELD MAY 15, 2014

QUESTIONS & ANSWERS

PROXY STATEMENT

Why am I receiving this Proxy Statement?

The Company's Board of Directors is soliciting proxies for the 2014 Annual Meeting of Shareholders. You are receiving a Proxy Statement because you owned shares of the Company's common stock on March 17, 2014, which entitles you to notice of, to attend, and to vote at the meeting. By use of a Proxy, you may vote whether or not you plan to attend the meeting. This Proxy Statement describes the matters on which the Board would like you to vote, and provides information on those matters, so that you can make an informed decision.

The Notice of the Annual Meeting of Shareholders (including Notice Regarding the Availability of Proxy Materials), Proxy Statement, Annual Report for the year ended December 31, 2013, and Proxy Card or Voting Instruction Form are being mailed to shareholders on or about April 4, 2014. These materials are available at <https://www.proxyvote.com> or <https://materials.proxyvote.com/371901>.

What will I be voting on?

- Election of six directors (see pages 7-11).
- Approval of amendment to the Restated Articles of Incorporation to increase the authorized shares of common stock (see page 19 and Appendix B).
- Ratification of the appointment of Ernst & Young LLP as the Company's auditors for the fiscal year ending December 31, 2014 (see page 33).
- Approval, on an advisory basis, of the compensation of the Company's named executive officers (see pages 33-34).

- Approval of the Employee Stock Option Plan (see pages 34-36 and Appendix C).
- Approval of amendment to the 2012 Amended and Restated Nonemployee Director Stock Option Plan (see pages 36-38 and Appendix D).

The Board of Directors recommends a vote: *FOR* each of the nominees to the Board of Directors; *FOR* approval of amendment to the Restated Articles of Incorporation to increase the authorized shares of common stock; *FOR* ratification of the appointment of Ernst & Young LLP as the Company's auditors for the fiscal year ending December 31, 2014; *FOR* approval, on an advisory basis, of the compensation of the Company's named executive officers; *FOR* approval of the Employee Stock Option Plan; and *FOR* approval of amendment to the 2012 Amended and Restated Nonemployee Director Stock Option Plan.

How do I vote?

You can vote either in person at the Annual Meeting or by Proxy without attending the Annual Meeting. *We urge you to vote by Proxy even if you plan to attend the Annual Meeting so that we will know as soon as possible that enough votes will be present for us to hold the meeting.* If you attend the meeting and wish to vote in person, you must withdraw your earlier-dated Proxy in accordance with this Proxy Statement and provide proof of ownership of Company shares as of the record date of March 17, 2014.

Please note that there are separate telephone and Internet arrangements, depending upon whether you are a holder of record [that is, if your shares are registered in your own name with the Company's transfer agent and you have possession of your stock certificate(s)] or whether you hold your shares in "street name" (that is, if your shares are held for you by a broker or other nominee).

Shareholders of record voting by Proxy may use one of the following three options:

- Voting by *Internet* (log on to <https://www.proxyvote.com> and follow the directions there). We recommend you vote this way as it is the most cost-effective method; or
- Voting by *toll-free telephone* (instructions are on the Proxy Card or Voting Instruction Form); or
- Filling out the enclosed *Proxy Card or Voting Instruction Form*, signing it, and mailing it in the enclosed postage-paid envelope.

If you hold your shares in “street name,” please refer to the information forwarded by your broker or other nominee to see which options are available to you.

A beneficial owner who wants to cast a vote directly, rather than have a broker or other nominee do so, can either: become a registered owner; or ask the broker or nominee to execute a proxy on your behalf. You can become a registered owner by having your broker or other nominee “certify” your position, in which case you will receive an actual certificate for your stock, or your share ownership can be moved into a “direct registration system.” Alternatively, you can check a box on the Voting Instruction Form indicating your plan to attend the meeting and to vote your shares directly, in which case your broker or other nominee should then send you your proxy. Please contact your broker or other nominee for more details.

The telephone and Internet voting facilities for shareholders of record will close at 11:59 p.m. EDT on May 14, 2014. If you vote over the Internet, you may incur costs, such as telephone and Internet access charges, for which you will be responsible. The telephone and Internet voting procedures are designed to authenticate shareholders by the use of control numbers and to allow you to confirm that instructions have been properly recorded.

Can I change my vote?

Yes. At any time before your Proxy is voted at the meeting, you may change your vote by:

- Revoking it by written notice to the Secretary of the Company at the address on the cover of the Proxy Statement;

- Delivering a later-dated Proxy (including a telephone or Internet vote); or
- Voting in person at the meeting.

If you hold your shares in “street name,” please refer to the information forwarded by your broker or other nominee for procedures on revoking or changing your Proxy.

How many votes do I have?

You will have one vote for every share of common stock that you owned on March 17, 2014.

How many shares are entitled to vote?

There were 145,775,601 shares of the Company common stock outstanding as of March 17, 2014, and entitled to vote at the meeting. Each share is entitled to one vote.

How many votes must be present to hold the meeting?

Under the Company’s Bylaws, a majority of all of the voting shares of the capital stock issued and outstanding as of March 17, 2014, must be present in person or by Proxy to hold the Annual Meeting.

What if I do not vote for some or all the matters listed on my Proxy Card or Voting Instruction Form?

If you return a Proxy Card or Voting Instruction Form without indicating your vote for some or all of the matters, if permissible, your shares will be voted as follows for any matter you did not vote on:

- *For* the approval of the director nominees to the Board of Directors listed on the card.
- *For* the approval of amendment to the Restated Articles of Incorporation to increase the authorized shares of common stock.
- *For* ratification of Ernst & Young LLP as the Company’s auditors for the fiscal year ended December 31, 2014.
- *For* the approval, on an advisory basis, of the compensation of the Company’s named executive officers.
- *For* the approval of the Employee Stock Option Plan.

- For the approval of amendment to the 2012 Amended and Restated Nonemployee Director Stock Option Plan.

How many votes are needed for the approval of items upon which the shareholders are being asked to vote?

- Under Michigan law, the six nominees for director will be elected by a plurality of the votes cast. Notwithstanding the foregoing, the Company's Bylaws provide that if a director is elected by less than a majority of the votes cast, then such director shall promptly tender his or her resignation by written notice to the Board of Directors.
- Under Michigan law, amendment to the Restated Articles of Incorporation to increase the authorized shares of common stock must be approved by a majority of the outstanding common stock.
- Ratification of Ernst & Young LLP as the Company's auditors for the fiscal year ended December 31, 2014, is by a majority votes cast.
- The proposal to approve the compensation of the Company's named executive officers is advisory and the Board of Directors will take such votes into account when considering future actions.
- The proposal to approve the Employee Stock Option Plan must be approved by a majority of votes cast.
- The proposal to approve amendment to the 2012 Amended and Restated Nonemployee Director Stock Option Plan must be approved by a majority of votes cast.

What if I vote "abstain?"

A vote to "abstain" on the election of the directors, on ratification of Ernst & Young LLP as the Company's auditors, the Employee Stock Option Plan, or the amendment to the 2012 Amended and Restated Nonemployee Director Stock Option Plan will have no effect on the outcome. The proposal to amend the Restated Articles of Incorporation to increase the authorized shares of common stock requires a majority of all outstanding common stock, so an abstention will have the same effect as a no vote. A vote to abstain with respect to approval of named executive officer compensation will be taken into account by the Board of Directors in determining future action.

What if I do not return my Proxy Card or Voting Instruction Form and do not attend the Annual Meeting?

If you are a holder of record and you do not vote your shares, your shares will not be voted.

If you hold your shares in "street name," and you do not give your broker or other nominee specific voting instructions for your shares, your broker or other nominee may not be permitted to exercise voting discretion with respect to certain matters to be acted upon.

If you do not give your record holder specific voting instructions and your record holder does not vote on the matters to be voted upon, the votes will be "broker non-votes." "Broker non-votes" will have no effect on the vote for the election of directors, but may affect the other matters to be voted upon as set forth in this Proxy Statement, such as the amendment to the Restated Articles of Incorporation to increase the authorized shares of common stock.

Is my vote confidential?

Proxy instructions, ballots, and voting tabulations that identify individual shareholders are handled in a manner that protects your individual voting privacy. Your individual vote will not be disclosed either within the Company or to third parties, except:

- as necessary to meet applicable legal requirements;
- to allow for the tabulation of votes and certification of the vote; or
- to facilitate successful Proxy solicitation by our Board of Directors.

Occasionally, shareholders provide written comments on their Proxy Cards or Voting Instruction Forms which are then forwarded to the Company's management.

- Following the instructions provided when you vote over the Internet, or

- Going to <https://www.icsdelivery.com/gntx> and following the instructions provided.

If you are a holder of record and you choose to view future Proxy Statements and Annual Reports over the Internet, you will receive an e-mail message next year containing the Internet address to access the Company's Proxy Statement and Annual Report. The e-mail also will include instructions for voting over the Internet. Your choice will remain in effect until you tell us otherwise. You do not have to elect Internet access each year.

If you hold your shares in "street name," and choose to view future Proxy Statements and Annual Reports over the Internet and your broker or other nominee participates in this service, you will receive an e-mail message from your broker/nominee next year containing the Internet address to use to access the Company's Proxy Statement and Annual Report.

HOUSEHOLDING INFORMATION

What is "householding?"

The Company has adopted a procedure called "householding," which has been approved by the Securities and Exchange Commission. "Householding" is intended to reduce printing costs, mailing costs and fees by eliminating the mailing of duplicate copies of the Annual Report and Proxy Statement to any household at which two or more shareholders reside if they appear to be members of the same family. Under this procedure, a single copy of the Annual Report and Proxy Statement will be sent to such households if the shareholders at such household consent, unless one of the shareholders at the address notifies us that they wish to receive additional copies. Consent given will remain effective until revoked by a shareholder.

Shareholders who participate in householding will continue to receive separate Proxy Cards or Voting Instruction Forms. If a single copy of the Annual Report and Proxy Statement was delivered to an address that you share with another shareholder, at your request to the Corporate Secretary (at 600 North Centennial Street, Zeeland, Michigan 49464, 1-616-772-1800), we will promptly deliver a separate copy.

How do I withhold my consent to the householding program?

If you are a holder of record and share an address and last name with one or more holders of record, and you wish to continue to receive separate Annual Reports, Proxy Statements and other disclosure documents, you should withhold your consent by checking the appropriate box on the enclosed Proxy Card or Voting Instruction Form and returning it by mail in the enclosed envelope. *Even if you vote by telephone or Internet, the enclosed Proxy Card or Voting Instruction Form should be returned and marked appropriately to withhold your consent to householding.*

If you do not return the Proxy Card or Voting Instruction Form to withhold your consent to the householding program, you may revoke your consent at any future date. Please contact Broadridge, either by calling toll-free at 1-800-542-1061, or by writing to Broadridge, Householding Department, 51 Mercedes Way, Edgewood, New York 11717. You will be removed from the householding program within 30 days of the receipt of the revocation of your consent, following which you will receive an individual copy of our disclosure documents.

If you are receiving multiple copies of the Annual Report and Proxy Statement at an address shared with another shareholder, you may also contact Broadridge as set forth above to participate in the householding program.

A number of brokerage firms have instituted householding. If you hold shares in "street name," please contact your broker or other nominee to request information about householding.

SOLICITATION OF PROXIES

This Proxy Statement is being furnished on or about April 4, 2014, to the shareholders of Gentex Corporation as of the record date, in connection with the solicitation by the Board of Directors of the Company of Proxies to be used at the Annual Meeting of Shareholders to be held on Thursday, May 15, 2014, at 4:30 p.m. EDT, at The Pinnacle Center, 3330 Highland Drive, Hudsonville, Michigan 49426.

Each shareholder as of the record date, as an owner of the Company, is entitled to vote on matters to come before the Annual Meeting. The use of Proxies allows a shareholder of the Company to be represented at the Annual Meeting if he or she is unable to attend in person.

There are four ways to vote your shares:

- 1) By Internet at <https://www.proxyvote.com>. *We encourage you to vote this way.*
- 2) By toll-free telephone (refer to your Proxy Card or Voting Instruction Form for the correct number).
- 3) By completing and mailing your Proxy Card or Voting Instruction Form.
- 4) By written ballot at the Annual Meeting.

If the form of Proxy accompanying this Proxy Statement is properly executed using any of the methods described above, the shares represented by the Proxy will be voted at the Annual Meeting of Shareholders and at any adjournment of the meeting. Where shareholders specify a choice, the Proxy will be voted as specified. If no choice is specified, the shares represented by Proxy will be voted *FOR* the election of all nominees named in the Proxy; *FOR* approval of amendment to the Restated Articles of Incorporation to increase the authorized shares of common stock; *FOR* ratification of Ernst & Young LLP as the Company's auditors for the fiscal year ending December 31, 2014; *FOR* approval, on an advisory basis, of the compensation of the Company's named executive officers; *FOR* approval of the Employee Stock Option Plan; and *FOR* approval of amendment to the 2012 Amended and Restated Nonemployee Director Stock Option Plan. These proposals are described in this Proxy Statement. A Proxy may be revoked prior to its exercise by (1) delivering a written notice of revocation to the Secretary of the Company, (2) delivery of a later-dated Proxy, including a telephone or Internet vote, or (3) attending the meeting and voting in person, as discussed above.

VOTING SECURITIES AND RECORD DATE

March 17, 2014, has been fixed by the Board of Directors as the record date for determining shareholders entitled to vote at the Annual Meeting. On that date, 145,775,601 shares of the Company's common stock, par value \$.06 per share, were issued and outstanding. Shareholders are entitled to one vote for each share of the Company's common stock registered in their names at the close of business on the record date. Abstentions and broker non-votes are counted for the purposes of determining the presence or absence of a quorum for the transaction of business. Abstentions and broker non-votes are not, however, counted in tabulations of votes cast on matters presented to shareholders, though the Board will consider abstentions in determining future actions.

ELECTION OF DIRECTORS

The Company's Restated Articles of Incorporation specify that the Board of Directors shall consist of at least six, but not more than nine members, with the exact number to be determined by the Board. The Board has currently set the number of directors at nine. The Restated Articles of Incorporation state that beginning with the annual meeting of shareholders that is held in calendar year 2013, directors shall be elected annually for terms expiring at the next annual meeting of shareholders; provided, however, that any director in office prior to such 2013 annual meeting of shareholders shall continue to hold office until the end of the term for which such director was elected.

The majority of the members of the Company's Board of Directors qualify as "independent directors" as determined in accordance with the current listing standards of The NASDAQ Global Select Market ("NASDAQ"). Based on these current NASDAQ listing standards, the Company's Board has identified and affirmatively determined the following directors have no material relationships with the Company other than as a director and are independent: Gary Goode, Pete Hoekstra, Arlyn Lanting, John Mulder, Richard Schaum, Fred Sotok, and James Wallace. In making its independence determinations, the Board considered: the former employment and a former consulting arrangement of Mr. Mulder; the former employment of Mr. Lanting; and the fact that Mr. Sotok's son has an indirect interest in a former vendor of the Company. The Board determined that these circumstances do not interfere with the exercise of independent judgment in carrying out the responsibilities of a director. Based on information provided to the Board by new director nominee James Hollars, the Board has affirmatively determined that even after considering his former employment (as described below), Mr. Hollars has no material relationship with the Company and will qualify as an independent director under the NASDAQ listing standards, if elected. Mr. Wallace has been elected as Lead Independent Director under the Company's Lead Independent Director Policy.

Each of the current Board of Directors members (including the nominees and new nominee for election as directors at the Annual Meeting) have been determined to meet the required experience and qualifications set forth in the Company's Position Profile: Member of the Board of Directors, including, among them, high levels of personal and professional integrity, distinguished management careers, and the demonstrated or perceived ability to work effectively as Board members. Combined with the other desirable characteristics and experience of such individuals, these individuals have the experience, qualifications, attributes, and/or skills (which are described below) which led the Nominating Committee to recommend such individuals to the Board for nomination for election to the Board, and led the Board to conclude such individuals should be nominated for election to the Board. Based on interviews and interactions with the members of the Nominating Committee and the Board, the Board believes Mr. Hollars will be able to work effectively with the Board.

The terms of current Board of Directors members: Pete Hoekstra, Arlyn Lanting, John Mulder, Mark Newton, Richard Schaum, and Frederick Sotok, will expire upon the election of the directors to be elected at the 2014 Annual Meeting. The Board has (upon the recommendation of the Company's Nominating Committee), nominated Pete Hoekstra, James Hollars, John Mulder, Mark Newton, Richard Schaum, and Frederick Sotok for election as directors at the Annual Meeting, each to serve a one-year term expiring in 2015. Based on mutual decision, including Mr. Lanting's desire to devote even more time to supporting certain ministries in which he has deep involvement, Mr. Lanting will not stand for reelection. Mr. Hollars is a new director nominee who is known to management and the Board by virtue of his former employment and became a candidate based on such knowledge of him.

Unless otherwise specifically directed by a shareholder's marking on the Proxy Card or Voting Instruction Form, or in directions given either via the Internet or telephone, the persons named as Proxy voters in the accompanying Proxy will vote for the nominees described above and below. If any of these nominees becomes unavailable, which is not now anticipated, the Board may designate a substitute nominee, under the recommendation of the Nominating Committee, in which case the accompanying Proxy will be voted for the substituted nominee. Proxies cannot be voted for a greater number of persons than the number of nominees named.

A plurality of votes cast by shareholders at the meeting is required to elect directors of the Company under Michigan law. Accordingly, the nominees who receive the largest number of affirmative votes will be elected, regardless of the number of votes received. Notwithstanding the foregoing, the Company, in response to a shareholder proposal and with the proponent's concurrence with the Company's implementation of the same, amended its Bylaws to provide that if a director is elected by less than a majority of the votes cast, then such director shall promptly tender his or her resignation by written notice to the Board of Directors. Each of the nominees has agreed to tender his resignation in writing to the Board if he is not elected by a majority of votes cast. Broker non-votes and votes withheld will not have a bearing on the outcome of the election (though the Nominating Committee and Board will consider abstentions in making future nominations). Votes will be counted by Inspectors of Election appointed by the presiding officer at the Annual Meeting.

The Board of Directors recommends a vote *FOR* the election of all persons nominated by the Board.

The content of the following table relating to age and business experience is based upon information furnished to the Company by the nominees and directors, as of February 20, 2014.

CORPORATE GOVERNANCE

The Company operates within a comprehensive plan of corporate governance as written herein for the purpose of defining responsibilities, setting high standards of professionalism and personal conduct, and assuring compliance with such responsibilities and standards. The Company regularly monitors developments in the area of corporate governance.

The Board of Directors has an Audit Committee, a Compensation Committee, and a Nominating Committee, and, in accordance with the Company's Bylaws, may appoint other committees from time to time. Each committee has a written charter. All such charters, as well as any documents marked with an asterisk (*) in this Proxy Statement, are available under the heading "Corporate Governance" on the Company's internet web site at <http://ir.gentex.com>. A hard copy of any of these documents will be provided to any shareholder who submits a request in writing to the Corporate Secretary, Gentex Corporation, 600 North Centennial Street, Zeeland, MI 49464.

Each member of the Board of Directors is expected to make a reasonable effort to attend all meetings of the Board, all applicable committee meetings, and each annual meeting of shareholders. While no formal policy with respect to attendance has been adopted, attendance at these meetings is encouraged and expected. All members of the Board attended the 2013 Annual Meeting of Shareholders. Each of the current members of the Board, including all nominees for the Board, are expected to attend the 2014 Annual Meeting of Shareholders. During 2013, the Board held six Board meetings. All directors attended at least 75 percent of the aggregate number of meetings of the Board and Board committees on which they served.

Responsiveness to Shareholders

- The fact that the Company has declassified its Board of Directors and implemented majority voting for directors (in the form of a director resignation Bylaw) in response to shareholder proposals, as well as allowing its shareholder rights plan (poison pill) to expire, demonstrates recent responsiveness to expressed shareholder concerns. In fact, implementation of majority voting for directors (in the form of a director resignation Bylaw) was done with the input and concurrence of the shareholder proponent as to form of adoption of the same.
- The fact that the Company has implemented a Lead Independent Director Policy (*) also demonstrates its commitment to good corporate governance and ongoing engagement with shareholders.
- The Company has added a Sustainability section to its website and additional diversity considerations to its director nominating policies in response to suggestions from shareholders.
- In addition to demonstrating recent responsiveness to shareholder concerns, the Company has historically “put its money where its mouth is” in terms of good corporate governance as demonstrated by its long-term compensation system applicable to executives and employees alike, which ensures that all team members share in financial opportunities and sacrifices by emphasizing stock-based compensation so employees win when shareholders win. The Company does not have any employment agreements as all employees (including executive officers) are at-will and there are no “golden parachutes” or other excessive perquisites.

Lead Independent Director/Independent Directors

- Under the Company’s Lead Independent Director Policy, Mr. Wallace has been elected Lead Independent Director by the Board of Directors independent directors.
- In addition to acting as a liaison between the independent directors and the Chairman, the Lead Independent Director has such duties and responsibilities as the Board of Directors may assign to him or her, including: presiding at all meetings of the Board at which the Chairman is not present; presiding at all executive sessions of independent directors and the ability to call such meetings; approving all information being sent to the Board, including meeting agendas and board meeting schedules (to ensure enough time for discussion of all agenda items); being available for meetings with major shareholders upon request; and retaining advisors, among others.
- In accordance with the NASDAQ Stock Market Rules, in order for a director to qualify as “independent,” the Board of Directors must affirmatively determine that the director has no material relationship with the Company that would impair the director’s independence. The Board has affirmatively determined a majority of its members are independent, and they include Messrs. Goode, Hoekstra, Lanting, Mulder, Schaum, Sotok, and Wallace. Given the foregoing, a majority of the Board is comprised of independent directors as defined in the NASDAQ Stock Market Rules. In fact, a super majority of Board members are independent and that will not change if all nominees presented in this Proxy Statement are elected as directors.
- A meeting of the independent directors, separate from management, is an agenda item at each Board of Directors meeting. During 2013, the independent directors met on four occasions.

Board of Directors Leadership Structure

- Fred Bauer has served as Chairman of the Board of Directors and Chief Executive Officer (CEO) of the Company for 35 plus years. The Company's market capitalization has increased from approximately \$17 million at the initial public offering in 1981 to approximately \$4.65 billion as of March 1, 2014. As a founder of the Company, Mr. Bauer is uniquely situated to serve as Chairman and CEO, which has been demonstrated by the Company's historical performance.
- As noted above, the Board also has a Lead Independent Director and the independent members of the Board have as an agenda item, in connection with each Board meeting, the opportunity to meet. The Company acknowledges that independent board leadership is important and believes that it is already getting such leadership from its independent directors, which has been bolstered by election of a Lead Independent Director. As such, there is no need at this time to separate the Chairman and CEO roles as a matter of policy (although it could be appropriate to do so in the future).
- The Company continues to believe it is important that the Board have flexibility to determine the most qualified person to serve as Board Chairman rather than unduly impairing such flexibility with any policy requiring an independent Board Chairman.
- The Board continues to believe that the Company is fortunate to have Mr. Bauer, a founder of the Company, serve as Chairman of the Board and Chief Executive Officer of the Company, as his 35 plus years of experience makes him the best choice for each of these roles.
- The Board has also determined that having Mr. Bauer serve in each of these roles has allowed the Company to speak with one voice, avoid the dilution of leadership, and empowered Mr. Bauer to act with determination, all of which have benefited the Company and its shareholders. The Board believes that having the flexibility to choose the Chairman best suited to serve in the future is important as well.

Audit Committee

- The Company's Audit Committee currently includes Messrs. Goode (Chairman), Lanting, and Schaum.
- The Audit Committee met four times during the fiscal year ended December 31, 2013. Information regarding the functions performed by the Committee is set forth in the following "Report of the Audit Committee."

- All Audit Committee members possess the required level of financial literacy and the Board of Directors has determined that at least one member of the Audit Committee, Mr. Goode, meets the current standard of audit committee financial expert as required by the Sarbanes-Oxley Act.
- The Audit Committee operates pursuant to the Gentex Corporation Audit Committee Charter (*).
- The Company's independent auditors report directly to the Audit Committee.
- The Audit Committee, consistent with the Sarbanes-Oxley Act and the rules adopted thereunder, meets with management and the auditors prior to the filing of officer certifications with the SEC to receive information concerning, among other things, any significant deficiencies or material weaknesses in the design or operation of internal controls.
- The Audit Committee's policy regarding the pre-approval of audit and non-audit services provided by the Company's independent auditors is outlined in a document called "Revised Audit Committee Procedures for Approval of Audit and Non-Audit Services by Independent Auditors," which is attached as Appendix A to this Proxy Statement.
- The Audit Committee has adopted a policy titled "Complaint Procedures for Accounting and Auditing Matters" (*) to enable confidential and anonymous reporting to the Audit Committee.
- The Audit Committee reviews and approves all related-party transactions in accordance with its Charter. This review and approval covers all manners of related-party transactions, which are viewed in light of applicable disclosure requirements, independence standards for directors, and applicable Company codes and policies.

Compensation Committee

- The Company's Compensation Committee currently includes Messrs. Goode (Chairman), Schaum, and Wallace.
- The Compensation Committee met six times during the fiscal year ended December 31, 2013. The Compensation Committee is responsible for administering the Company's stock-based incentive plans and supervising other compensation arrangements for executive officers of the Company. Information regarding functions performed by the Committee is set forth in the following "Compensation Committee Report."
- The Board of Directors has affirmatively determined that all members of the Compensation Committee meet the appropriate tests for independence, including those set forth in the NASDAQ Stock Market Rules.
- The Compensation Committee operates pursuant to the Gentex Corporation Compensation Committee Charter (*).
- More information regarding the scope of authority of the Compensation Committee, any delegation of its authority, and the role of executive officers is set forth in the "Compensation Discussion and Analysis" below.

- The Compensation Committee does not believe that the Company's compensation policies and practices are reasonably likely to have a material adverse effect on the Company.

Nominating Committee

- The Company's Nominating Committee currently includes Messrs. Wallace (Chairman) and Goode.
- The Nominating Committee met one time during the fiscal year ended December 31, 2013 (holding other discussions at regularly scheduled Board of Directors meetings, including consideration of potential candidates for nomination to the Board). The Nominating Committee is responsible for identifying and recommending qualified individuals to serve as members of the Company's Board and met in February 2014 in accordance with such responsibilities.
- The Board of Directors has affirmatively determined that all members of the Nominating Committee meet the appropriate tests for independence, including those set forth in the NASDAQ Stock Market Rules.
- The Nominating Committee operates pursuant to the Gentex Corporation Nominating Committee Charter (*).
- The Nominating Committee has adopted certain procedures contained in a document called "Selection Process for Board Candidates" (*) to consider candidates for director nominations. Generally, for each election of directors the Chair of the Nominating Committee identifies candidates with support of the other committee member(s), other board members, and management, as needed. Candidates that meet the established criteria are identified and presented to the entire Nominating Committee. The Nominating Committee will then conduct interviews and reviews, as appropriate and necessary. The Nominating Committee then meets to consider and approve the most qualified candidates so it can make its recommendation to the full Board of Directors.
- The Nominating Committee has established the minimum qualifications for candidates, which are contained in a document called "Position Profile: Member of the Board of Directors" (*). Those required qualifications include: working and/or experience with an entrepreneurial company; high level of personal and professional integrity; successful and distinguished business management career (using the Company's core principles); understanding of the Company's markets; and ability to work effectively with current Board members. The Position Profile also sets forth other desirable experience and qualifications, including gender, race, ethnic, and country of origin diversity.

- The Nominating Committee has not, to date, paid any third party a fee to assist in identifying and evaluating nominees, but has the authority to do so.
- The Nominating Committee has not, to date, received any potential director candidates for nomination from any shareholder that beneficially owns more than five percent of the Company's common stock.
- The Nominating Committee will consider nominees for the Board of Directors from a variety of sources, including current directors, management, retained third-party search firms, and shareholders. If you want to recommend a director candidate, you may do so in accordance with the Company's procedures or the Company's Restated Articles of Incorporation. If a shareholder desires to recommend a candidate for consideration by the Nominating Committee for inclusion in the Company's 2015 Proxy Statement as a Board nominee, that recommendation should be submitted in writing, together with appropriate biographical information, to the Chairman of the Nominating Committee, c/o Corporate Secretary's Office, Gentex Corporation, 600 North Centennial Street, Zeeland, Michigan 49464. Any such nominations should be received by the Chairman of the Nominating Committee by no later than December 5, 2014, to allow adequate time for consideration of the nominee. Other nominations by shareholders for any directorship may be submitted to the Board of Directors by written notice as set forth in the Company's Restated Articles of Incorporation and Bylaws, or pursuant to the rules and regulations promulgated under the Securities Exchange Act of 1934.
- In accordance with the above-referenced Selection Process for Board Candidates and the Position Profile, the independent directors approved the slate of nominees standing for election at the 2014 Annual Meeting of Shareholders, and recommended the same to the entire Board of Directors.

- The Board of Directors has adopted a "Code of Ethics for Certain Senior Officers" (*) that applies to the Company's chief executive officer, principal financial officer and principal accounting officer. Information concerning any alleged violations is to be reported to the Audit Committee.

Risk Oversight

- While the Board of Directors oversees risk management, management of the Company is charged with managing risk through appropriate internal processes and internal controls. On behalf of the Board, the Audit Committee oversees Company risk policies and procedures relating to its financial statements and financial reporting processes, cyber risks, credit risks, and liquidity risks. Further, in accordance with the Audit Committee Charter, the Audit Committee periodically discusses with management the Company's risk assessment and risk management and steps taken by management to control and mitigate risk exposure (other than risks arising from the Company's compensation policies and practices, which are overseen by the Compensation Committee on behalf of the Board). Such discussions with management and the independent auditors address significant risks, exposures, and judgments as well as steps taken by management to address them. The Audit Committee and the Compensation Committee, respectively, report to the Board periodically with respect to such topics. This oversight does not necessarily have any material effect on the Company's leadership structure. The Board also annually reviews the Company's various insurance coverages.

Report of the Audit Committee

The primary purpose of the Audit Committee is to assist the Board of Directors in fulfilling its oversight responsibilities for management's conduct of the Company's accounting and financial reporting processes and the Company's system of internal controls regarding finance, accounting, legal compliance and ethics. The Audit Committee's function is more fully described in its Charter, which the Board has adopted and is available on the Company's website. The Audit Committee reviews this Charter on an annual basis. The Board annually reviews the NASDAQ listing standards' definition of independence for audit committee members and has determined that each member of the Audit Committee meets that standard.

Management is responsible for the preparation, presentation, and integrity of the Company's financial statements, and financial reporting principles, internal controls and procedures designed to ensure compliance with accounting standards, applicable laws and regulations. The Company's independent auditors, Ernst & Young LLP, are responsible for performing an independent audit of the consolidated financial statements and expressing an opinion on the conformity of those financial statements with generally accepted accounting principles.

Pursuant to a meeting of the Audit Committee on February 20, 2014, the Audit Committee reports that it has: (i) reviewed and discussed the Company's audited financial statements with management; (ii) discussed with the independent auditors the matters required to be discussed by the statement on Auditing Standards No. 61, as amended (AICPA, *Professional Standards*, Vol. 1. AU section 380), as adopted by the Public Company Accounting Oversight Board in Rule 3200T; and (iii) received the written disclosures and the letter from the independent accountants required by applicable requirements of the Public Company Accounting Oversight Board regarding the independent accountant's communications with the Audit Committee concerning independence, and has discussed with the independent accountant the independent accountant's independence. Based on the review and discussions referred to in Items (i)-(iii) above, the Audit Committee recommended to the Board of Directors that the audited financial statements be included in the Company's annual report on Form 10-K for the year ended December 31, 2013, for filing with the Securities and Exchange Commission.

The Audit Committee has selected Ernst & Young LLP as the Company's independent auditors for the year ending December 31, 2014, and has submitted the same to the shareholders for ratification at the Annual Meeting.

This report of the Audit Committee does not constitute "soliciting material" and should not be deemed "filed" or incorporated by reference into any of the other Company filings under the Securities Act of 1933 or the Securities Exchange Act of 1934, except to the extent the Company specifically requests that the information be treated as soliciting material or specifically incorporates this report by reference therein.

Compensation Committee Report

Proposal to Amend Restated Articles of Incorporation to Increase Authorized Shares of Common Stock

Article III of the Company's Restated Articles of Incorporation currently provides for authorized capital stock of 205,000,000 shares, consisting of 200,000,000 shares of common stock, par value \$.06 per share, and 5,000,000 shares of preferred stock, no par value. No preferred stock is presently outstanding. At March 17, 2014, there were 145,748,149 shares of common stock outstanding, and 4,067,185 shares have been reserved for issuance under the Company's various stock plans.

At a meeting held on February 20, 2014, the Board of Directors resolved to amend Article III of the Restated Articles of Incorporation to increase the authorized shares of common stock from 200,000,000 to 400,000,000, and recommended the amendment for approval by the Company's shareholders. The Board expressed its belief that the authorization of an additional 200,000,000 shares of common stock will provide increased flexibility for future plans. There are no current commitments or understandings with respect to issuing any shares for any particular purpose.

From time to time, the Company has considered potential acquisitions and management expects to continue to consider acquisition opportunities in the future. The Company's common stock could potentially be used as consideration in an acquisition. The increase in authorized common stock also enhances the ability of the Board of Directors to consider alternatives to enhance the marketability of the Company's common stock and ensures additional shares are available for potential issuance under the Company's various stock plans as a means of retaining key personnel and attracting new personnel. It is also possible that the additional shares of common stock could be utilized by the Company as a part of a defensive strategy to counter any hostile takeover attempts. Having shares available for issuance in the future provides greater flexibility in that it will allow shares to be issued from time to time as determined by the Board without the need for shareholder approval (subject to NASDAQ listing rules, other applicable rules or regulations, and the Company's governing documents). Shares of the Company's common stock do not carry preemptive rights to purchase additional shares of the Company's stock.

An increase in the authorized shares of common stock has no immediate effect. To the extent shares of common stock are issued in the future, they could potentially decrease existing shareholders percentage of equity ownership and/or could potentially be dilutive for existing shareholders.

The affirmative vote of a majority of the outstanding shares of common stock, in person or by proxy, on the proposed amendment to Article III is required for approval. Since an absolute majority of the outstanding shares is required, any ballot or proxy marked "abstain" will have the same effect as a negative vote. Accordingly, you may vote on the following resolution of the 2014 Annual Meeting of Shareholders:

RESOLVED, that Article III of the Company's Restated Articles of Incorporation be amended to read as stated on Appendix B to the Company's Proxy Statement.

The Board unanimously recommends that Article III of the Company's Restated Articles of Incorporation be amended to read as stated on Appendix B to this Proxy Statement.

COMPENSATION DISCUSSION AND ANALYSIS

Introduction

Overview of Our Compensation System

The Primary Objectives Are:

- create and maintain an entrepreneurial culture
- motivate employees to:
 - continue technical developments
 - improve customer satisfaction
- create and maintain teamwork (all salaried employees subject to same system)

The Elements Comprise:

- base salary
- bonuses
- stock-based incentives

What We Do:

- emphasize stock-based incentives, essentially tying pay to performance as significant amounts of potential pay are not guaranteed
- current pay (salary and bonus) predicated on competitive circumstances, but historically has been relatively low in favor of stock-based compensation
- stock-based compensation intended to align executive and employee interests with the interests of our shareholders (appropriately structured so as to not encourage inappropriate risk taking)

What We Do Not Do:

- no employment agreements as all employees (including executive officers) are at-will
- no “golden parachute” or other change-in-control severance agreements
- no excessive perquisites
- no pension or deferred compensation arrangements
- no option repricing
- no trading of listed options or shorting of Company stock
- no use of Company shares as collateral for margin trading or covered calls

Responsibilities

Compensation Committee. The Compensation Committee of our Board of Directors is appointed to assist our Board in discharging its responsibilities relating to the compensation of our executives. The Compensation Committee:

- is comprised of three directors, each of whom has been determined by our Board to be independent under applicable standards and none of whom receive any consulting, advisory, or other compensation fee (other than fees for service as Board or committee members);
- operates under and in accordance with the written Compensation Committee Charter; and
- has a chair that sets meeting agendas and the calendar for meetings.

The Chief Executive Officer and other members of management attend meetings of the Compensation Committee at the request of the Committee. The Compensation Committee does, however, meet in executive session as appropriate. The Compensation Committee has the authority to engage outside consultants and advisors to advise the Committee with respect to compensation of executives, in its discretion, but has not done so to date.

Board of Directors. The Board of Directors has responsibility to annually assess our director compensation program. Members of management attend meetings of the Board at the Board's request, but the Board meets in executive session when required.

Role of Executives in Establishing Compensation

While the Compensation Committee is responsible for recommending CEO and other executive officer compensation to the Board of Directors for approval in accordance with the Compensation Committee Charter, the CEO in particular provides input and makes recommendations to the Compensation Committee with respect to compensation decisions for non-CEO executive officers. In fact, the CEO (along with management) is primarily responsible for making compensation decisions for our other employees within guidelines established by the Compensation Committee. The Compensation Committee does, however, review and approve all stock-based awards. Since the Compensation Committee and the entire Board recognize that the CEO and other executive officers have the greatest opportunity to influence our performance, our Compensation Committee concentrates its efforts on establishing proper rewards and incentives for executive officers. This structure provides our CEO and executive officers the freedom to influence and motivate our employees to positively impact our Company performance within the guidelines established by the Compensation Committee.

Compensation Committee Activity

During fiscal year 2013, the Compensation Committee met six times and also met in February of 2014 to approve the Compensation Committee Report included in the Proxy Statement. Included in the activities of the Compensation Committee was a review of each element of compensation payable to named executive officers, as well as the total compensation payable to them, by use of an executive officer equity compensation tally sheet (including stock appreciation). These tally sheets help reflect compensation for a certain number of previous years so that compensation decisions of the Compensation Committee and the Board can be placed in the appropriate context.

Consistency

The global financial crisis, among other circumstances, prompted a shift in attitudes with regard to executive pay, as demonstrated by changing pay practices and certain requirements of the Dodd-Frank Act. The Company, however, has not wavered from its compensation philosophy and has maintained consistency in the entirety of its compensation program structure and features which are intended to align the interests of executives and employees with those of our shareholders.

Objectives of Compensation Program

Compensation Philosophy. Our compensation program is comprised of three fundamental elements:

- base salary;
- bonuses; and
- stock-based incentives.

These elements are intended to reflect our cultural emphasis on all team members sharing in the financial opportunities and sacrifices at our Company, just as our shareholders do and are intended and structured to avoid encouraging excessive and unnecessary risk taking. The compensation program is designed in light of our desire to maintain an entrepreneurial culture and to incentivize desired performance and growth. The elements of compensation are utilized to accomplish several objectives, including:

- attract, motivate, and retain management personnel;

- encourage continued technical development and improve customer satisfaction;
- stay competitive for talent;
- encourage and reward individual achievement as well as overall Company performance; and
- focus on long-term performance (to align the interests of our team with the interests of our shareholders and so as not to encourage inappropriate risk taking).

The compensation program is available to all of our salaried employees generally and in operation provides for the same method of allocation of benefits between executive and non-executive participants. Our compensation program is reviewed and compared to market periodically, though it has not changed significantly in a number of years due to the fact it has continued to accomplish its objectives. Ingenuity of our employees, employee turnover, employee morale, ability to hire, and individual and Company performance are important factors in determining whether our compensation program is consistent with our philosophy and is meeting its objectives. No changes to our compensation system were made this past year based on the determination that our compensation system continues to accomplish its objectives.

Compensation Elements in General

As noted above, the compensation program is comprised of three fundamental elements: (1) base salary; (2) bonus; and (3) stock-based incentives.

Base Pay. Base compensation for executive officers is predicated primarily on:

- competitive circumstances for managerial talent; and
- positions reflecting comparable responsibility.

Historically, base salaries for our employees have been relatively low, and stock-based compensation has received more emphasis to encourage and implement our entrepreneurial culture. A variety of factors are considered concerning executive officer compensation which are discussed in more detail below.

Bonuses. Bonus compensation is comprised of two elements:

- payments under our Profit-Sharing Bonus Plan; and
- discretionary performance bonuses.

All of our full-time employees, including the CEO and other executive officers, are eligible to share in our Profit-Sharing Bonus Plan after they have completed one full calendar quarter in our employ. A percentage of pre-tax income, in excess of an established threshold for shareholder return on equity is distributed quarterly to eligible employees under this plan. During 2013, this Profit-Sharing Bonus Plan paid approximately \$30,440,380 to approximately 3,601 employees. In addition, discretionary performance bonuses may be awarded to various managerial and technical employees, including named executive officers, based on individual performance and our overall performance.

Stock-Based Compensation. Stock-based compensation is intended to align the interests of shareholders and executives and other employees by making our executives and other employee shareholders in a meaningful amount. We attempt to foster and maintain an entrepreneurial culture that seems to work best when our employees are owners and, therefore, win when our shareholders win. History and the current climate have confirmed for us that stock-based compensation provides appropriate incentives to incent long-term performance and is also a good retention tool. Stock-based compensation includes:

- stock options; and
- restricted stock.

Stock options are granted under our existing Employee Stock Option Plan and restricted stock is granted under our Second Restricted Stock Plan, each of which has been approved by our shareholders. The Employee Stock Option Plan, as amended and restated, is being presented for approval by the shareholders at the 2014 Annual Meeting of Shareholders. Our stock-based incentives vest over time to encourage our employees to take a long-term perspective.

Details of Compensation Program Design

The fundamental elements of our compensation program allow compensation to be impacted by our overall performance and by individual performance as well.

Impact of Performance on Compensation

Each year, the Compensation Committee undertakes a CEO performance review which involves a multi-step process. First, the entire Board of Directors evaluates CEO performance on a variety of factors including:

- leadership;
- financial results;
- recruitment, training, retention, and morale of personnel;
- strategic planning;
- succession planning;
- communications with the Board, management, employees, and shareholders;
- contributions to our communities and industries in furthering business goals; and
- Board relations.

The Compensation Committee gathers the results of this evaluation. The Compensation Committee then considers these evaluations and discusses the same with the CEO. Based on the foregoing, the Compensation Committee then makes CEO compensation recommendations to the entire Board of Directors. Pursuant to this process, the CEO's base salary, discretionary performance bonus, and stock-based awards are determined and approved by the Board. Evaluations are also undertaken for non-CEO executive officers. Through these evaluation processes, the Compensation Committee and the Board can exercise positive or negative discretion concerning compensation decisions. Evaluations of our employees take place on or about the employee's anniversary date of employment. Specific performance targets are not used as we have found that emphasizing stock-based compensation has not required them.

Instead, the Compensation Committee considers the foregoing factors in varying degrees. In its 2013 review of CEO performance which occurred in August 2013, the Compensation Committee and the Board highlighted positive reviews with respect to leadership, financial results, and customer and community relations. Succession planning and strategic planning were also covered in the 2013 CEO performance review, along with Board relations. A variety of factors were considered by the Compensation Committee and the Board of Directors in determining CEO compensation.

Specifics on Elements of Compensation for 2013

Tables. The "Summary Compensation Table for 2013" shows the base salary, bonuses, stock awards, stock option awards and other compensation for each of our named executive officers. Total compensation for each applicable named executive officer is also reflected in that Table. The "Grants of Plan-Based Awards for 2013" Table demonstrates our emphasis on stock-based compensation. The "Outstanding Equity Awards at Fiscal Year-End December 31, 2013," Table and the "Option Exercises and Stock Vested for 2013" Table further demonstrate the aligning of our executive officers' interests with those of our shareholders. We continue to believe these compensation elements and the mix of these elements are appropriate for the Company given its culture, performance, industry, and current opportunities and challenges.

Base Salary. The base salaries for our named executive officers are set forth in the “Summary Compensation Table for 2013.” The Company approved guidelines for 2013 that salaried employees, including executive officers, were eligible for an increase in base salary of up to 4 percent per year for performance alone, and up to 10 percent per year total if increased responsibilities are undertaken (or, potentially more in the case of a promotion). These guidelines have been left in place for 2014.

- For 2013, our CEO received a 4 percent increase in base pay, based on Company guidelines of 0-4 percent. However, Mr. Newton received a 20 percent increase in base pay due to an increase in responsibilities; Mr. Downing received a 45 percent increase in base pay due to a promotion and increase in responsibilities; and Mr. Flynn received an 11 percent increase in base pay due to an increase in responsibilities.
- Increases were predicated largely on financial performance of the Company during the previous twelve months. The qualitative factors included above in the review of CEO performance also impacted other executive officer compensation determinations.
- Base salaries for executives still remain relatively low as stock-based compensation is emphasized, consistent with the Company’s entrepreneurial culture.

Bonuses. Profit-Sharing Bonuses, in accordance with the above-described formula, and discretionary performance bonuses for named executive officers are also set forth in the “Summary Compensation Table for 2013.” The Company has approved a guideline such that employees, including executive officers, are eligible for discretionary performance bonuses of up to 50 percent of base salary (or, potentially more, in the case of exemplary performance), based on individual and Company performance as determined in the evaluation process.

- CEO 2013 discretionary bonus – \$0.
- Other Executive Officer 2013 discretionary bonuses – 0% to 50%.

Discretionary bonuses reflect our Compensation Committee’s and Board of Directors’ positive and negative discretion, and were rewarded to Mr. Newton and Mr. Downing in part for their role in completing the HomeLink acquisition which occurred in 2013. As noted, the Compensation Committee and the Board generally prefer to emphasize stock-based compensation for the CEO, which is evidenced by the CEO not receiving a discretionary bonus in 2013 or 2012.

Stock-Based Compensation. Our named executive officers are also eligible to receive grants of stock options under our Employee Stock Option Plan and grants of restricted stock under our Second Restricted Stock Plan. The Company has approved guidelines so that stock option awards up to an established percentage may be made under our Employee Stock Option Plan and restricted stock awards of up to an established percentage may be made under our Second Restricted Stock Plan, which guidelines in operation provide for the same method of allocation of benefits between executive and non-executive participants. During 2013:

- CEO – 130,000 stock option shares granted (which is the same number received in the prior year)
- Other Executive Officers – 0 to 21,700 stock option shares granted.
- Restricted Stock Awards of 5,000 shares (to Mr. Newton), and 9,000 shares (to Mr. Downing)

These awards are predicated on both individual and company performance, while creating incentives to help achieve our long-term goals and align employee interests with those of our shareholders. In particular, in the case of our CEO, the Compensation Committee prefers stock option grants to the CEO rather than more significantly increasing base pay and discretionary bonuses to a level that would be more commensurate with the market for chief executive talent. In light of the fact that our CEO’s base pay is relatively low, and the fact that he received no discretionary bonus or restricted stock award, along with the Company’s emphasis as stock-based compensation, our CEO was granted the foregoing stock option award in 2013, which will only benefit him if our shareholders benefit as well. While the variability of these compensation decisions among our executive officers demonstrates discretion with respect thereto, it also demonstrates how important it is to our culture for all our salaried employees to be compensated within the same parameters.

Our Employee Stock Option Plan (including the amendment and restatement of the same being presented for shareholder approval) makes stock options generally available to all of our salaried employees. All options, including those granted to named executive officers, are granted to employees around the end of the quarter in which their anniversary date of employment occurs at scheduled meetings of the Compensation Committee (except in the case of CEO stock option grants, which are done when approved by the entire Board of Directors). Stock options are only granted at their fair market value on the date of Compensation Committee meetings with all such grants being reviewed and approved by the Compensation Committee (except CEO stock option grants, which are only granted at their fair market value on the date approved by the entire Board). Generally, stock option awards to officers have a seven-year term and become exercisable (as long as employment continues), for 20 percent of the shares on each anniversary of the grant date commencing on the first anniversary of the grant date, although a five-year term might be used in order to accommodate certain circumstances. Stock options for other employees generally carry a five- to seven-year term and similarly vest over time. Restricted stock awards are granted at the discretion of the Compensation Committee at scheduled meetings of the Compensation Committee. Generally, grants of restricted stock to eligible employees, including executive officers, are considered once every three years for each eligible employee. Usually, these share grants are restricted for five years from the date of grant, and as such are viewed as an important retention tool (especially in light of the Company's historically low base salaries). Dividends are paid on restricted shares so granted if, and to the extent, we pay dividends on our common stock. The vesting schedules associated with stock option and restricted stock awards, in part, discourage excessive and unnecessary risk-taking (especially when considered in connection with the stock ownership guidelines for executive officers).

Other Compensation. All other compensation for named executive officers set forth in the Summary Compensation Table for 2013 includes "matching" contributions by the Company pursuant to our 401(k) plan, restricted stock dividends, the personal use of automobiles by certain executive officers, and certain costs associated with the personal use of Company aircraft, as detailed in the notes to the Summary Compensation Table. Also, membership fees at a local country club are paid for the CEO as detailed in the notes to the Summary Compensation Table. We make available to our executives Company aircraft for personal use, provided it does not conflict with any business purpose for the aircraft. All executives are assessed the value of the incremental costs of personal use of Company aircraft. The cost to the Company related to personal use of Company aircraft is calculated using the SIFL (Standard Industry Fare Level) rates as outlined by the IRS in accordance with Treasury Regulation Section 1.61-21 (Taxation of fringe benefits). Certain costs associated with the personal use of Company aircraft are considered a taxable fringe benefit as reflected in the notes to the Summary Compensation Table for 2013. For tax purposes, the additional income that is considered a taxable fringe benefit is subject to income inclusion as reflected in the notes to the Summary Compensation Table for 2013.

We do not generally utilize any employment agreements (and no employee currently has a written employment agreement) as it has been our practice that all employees, including the CEO and other executive officers, serve the Company on an at-will basis. Similarly, we do not have any "golden parachute" agreements or contracts with current employees that guarantee severance payments or any kind of deferred compensation arrangements or other pensions.

Director Compensation

Our Board of Directors has responsibility for periodically assessing our director compensation program.

During 2013, director compensation was changed such that each director who was not an employee of the Company now receives:

- \$12,000 annual directors' retainer fee (\$3,000 per quarter);
- \$1,750 for each Board meeting attended;
- \$1,250 for each Committee meeting attended; and
- An option to purchase 6,000 shares of our common stock.

The Lead Independent Director received an additional retainer fee in the amount of \$10,000. The Chairmen of our Compensation and Audit Committees also received an additional retainer fee in the amount of \$5,000. The nonemployee directors annual option to purchase 6,000 shares of our common stock is at a price per share equal to the closing price of our stock on the NASDAQ on the date of each annual meeting of shareholders in accordance with our shareholder approved 2012 Amended and Restated Nonemployee Director Stock Option Plan. See the Director Compensation Table for 2013. An amendment to increase the annual option to purchase from 6,000 shares to 7,000 shares for each nonemployee director is being presented for shareholder approval. Like executives, Board members may make personal use of Company aircraft if such use does not conflict with any business purpose for the aircraft. The cost to the Company related to such personal use by directors is calculated using SIFL (Standard Industry Fare Level) rates as discussed above. We believe this director compensation to be reasonable and appropriate.

Stock Ownership

The Company has adopted Stock Ownership Guidelines (*) providing that executive officers should own three times their annual salaries in Company common stock and directors should own two times their annual director fees in Company common stock. As noted above, such guidelines help discourage excessive and unnecessary risk-taking in the context of the Company's emphasis on stock-based compensation.

Impact of Regulatory Requirements

In making compensation design and award decisions, we have considered the ability to deduct compensation in accordance with Internal Revenue Code Section 162(m). We have also considered the impact of Section 16 of the Securities and Exchange Act of 1934 and rules promulgated thereunder. Since we do not have a deferred compensation plan, consideration of the impact of Internal Revenue Code Section 409A in compensation design and award decisions has not been significant. We have also in the past undertaken certain actions disclosed in our SEC filings with respect to the impact of expensing stock-based awards (including stock options) under FASB ASC Topic 718. The executive compensation disclosure rules applicable to annual reports and proxy statements with respect to the disclosure of compensation-related risks for all employees, certain matters related to compensation consultants, reporting of equity awards in the Summary Compensation table, and the provisions of the Dodd-Frank Wall Street Reform and Consumer Protection Act related to compensation have had no material impact on our decisions regarding compensation. The shareholder advisory vote on named executive officer compensation occurring this year, as well as future shareholder advisory votes on named executive officer compensation will be considered by the Compensation Committee and Board of Directors in making future compensation decisions.

Conclusion

We have reached the conclusion that each individual element of compensation, as well as the total compensation, delivered to our named executive officers and to our directors during 2013 are reasonable, appropriate, and in the best interests of our Company and our shareholders. That determination is based on a continuation of our compensation philosophy and practices which we believe align both the short-term and long-term interests of our employees with those of our shareholders. It remains the case that each element of our compensation program is important to accomplishing the Company's goals of creating an entrepreneurial environment so that our employees are motivated to remain with us, individually perform to the best of their abilities, and focus on our long-term success.

Mr. Downing has 14,310 five-year options that become exercisable, as long as employment with the Company continues, for 25 percent of the shares on each anniversary of the grant date commencing with the first anniversary of the grant date. - (1) Directors who are employees of the Company receive no compensation for services as a director. During 2013, changes were made such that directors who are not employees of the Company now receive a director's retainer in the amount of \$12,000 per year (\$3,000 per quarter) plus \$1,750 for each meeting of the Board attended and \$1,250 for each committee meeting attended. Changes were also made such that directors who chair the Compensation Committee and/or the Audit Committee now each receive an additional retainer fee in the amount of \$5,000 per year. The Lead Independent Director now receives an additional annual retainer fee in the amount of \$10,000 as well.
- (2) Immediately following each Annual Meeting of Shareholders nonemployee directors are entitled to receive an option to purchase 6,000 shares of the Company's common stock at a price per share equal to the closing price of the Company's stock on NASDAQ on that date. Each option has a term of ten years and becomes exercisable in full six months after the date of grant. For each outstanding stock option award, the value shown is the aggregate grant date fair value computed in accordance with FASB ASC Topic 718 (as opposed to what is included in the Company's financial statements). See the Company's Annual Report (Footnote 5) for the years ended December 31, 2013, 2012, and 2011 for the assumptions made in the valuation of stock options.
- (3) The Company also makes Company aircraft available to directors for personal use if such use does not conflict with any business purpose for the aircraft. The cost of the flight is calculated using the SIFL (Standard Industry Fare Level) rates published by the IRS in accordance with Treasury Regulation Section 1.61-21 (Taxation of fringe benefits).

Compensation Committee Interlocks and Insider Participation

The Compensation Committee, which includes Messrs. Goode (Chairman), Schaum, and Wallace, is currently comprised solely of members of the Company's Board of Directors who are independent under the applicable NASDAQ listing standards. The Compensation Committee is responsible for supervising the Company's executive compensation arrangements, including the making of decisions with respect to the award of stock-based incentives for executive officers.

CERTAIN TRANSACTIONS

The Audit Committee of the Company reviews and approves all related party transactions in accordance with its Charter. The Code of Business Conduct and Ethics requires directors, officers, and employees to report these types of matters. In addition, the Company uses questionnaires for its directors and officers annually in part to discover any unreported related-party transactions. The approval of the Audit Committee is required for related-party transactions.

Since 1978, prior to the time the Company became a publicly held corporation, the Company has leased a building that previously housed its main office, manufacturing and warehouse facilities, and currently houses production operations for the Company's fire protection products. The lessor for that building is G & C Associates, a general partnership, and nearly all of the partnership interests in G & C Associates are held by persons related to Fred Bauer. The lease is a "net" lease, obligating the Company to pay all expenses for maintenance, taxes, and insurance, in addition to rent. During 2013, the rent paid to this partnership was \$52,153, and the rent for the current fiscal year is the same (as it has been for a number of years). The Board of Directors believes that the terms of this lease are at least as favorable to the Company as could have been obtained from unrelated parties.

The Company is highly selective, and hires new employees based upon merit. Employees may also be eligible for certain other benefits which are similarly available on no less favorable terms to other employees of the Company at the same level and pay rate. Family members of any employee are not discouraged from seeking employment.

RATIFICATION OF APPOINTMENT OF INDEPENDENT AUDITORS – PRINCIPAL ACCOUNTING FEES AND SERVICES

The Audit Committee and Board of Directors have selected, and submits to shareholders for ratification, Ernst & Young LLP to serve as the Company's independent auditors for the fiscal year ending December 31, 2014. The following fees were billed by Ernst & Young LLP, the Company's independent auditors, for the services provided to the Company during the fiscal years ended December 31:

	<u>2013</u>	<u>2012</u>
Audit Fees	\$348,700	\$277,900
Audit-Related	69,600	—
Tax Fees	263,867	—
All Other	—	—
Total	<u>\$682,167</u>	<u>\$277,900</u>

Audit fees include the annual audit of the Company's consolidated financial statements, the audit of internal control over financial reporting, timely quarterly reviews, foreign statutory audits and consultations concerning accounting matters associated with the annual audit. Audit-related fees principally include due diligence in connection with acquisitions. Tax fees principally consist of fees for tax advice and due diligence in connection with acquisitions. All non-audit services, including those indicated above, are pre-approved by the Audit Committee pursuant to the Revised Audit Committee Procedures for Approval of Audit and Non-audit Services by Independent Auditors, which is attached as Appendix A to this Proxy Statement.

Although ratification of the independent auditors by the Company's shareholders is not legally required, our Audit Committee and Board of Directors believes that submission of this matter to the shareholders follows sound business practice and is in the best interest of shareholders in the current environment. If the shareholders do not approve the selection of Ernst & Young LLP, the selection of such firm as our independent auditors will be reconsidered by the Audit Committee. Accordingly, you may vote on the following resolution at the 2014 Annual Meeting of Shareholders:

RESOLVED, that Ernst & Young LLP be and hereby is ratified to serve as the independent auditors of the Company for the fiscal year ended December 31, 2014.

Representatives of Ernst & Young LLP are expected to be present at the Annual Meeting to respond to appropriate questions and will have an opportunity to make a statement if they desire.

The Board of Directors unanimously recommends a vote FOR the ratification of Ernst & Young LLP to serve as the Company's independent auditors for fiscal year ended December 31, 2014.

ADVISORY VOTE ON EXECUTIVE COMPENSATION

As described in the detail under the Compensation Discussion and Analysis, the Company's compensation system is intended to create and maintain an entrepreneurial culture; motivate employees to continue technical developments and improve customer satisfaction; and create and maintain teamwork (as all salaried employees are subject to the same system). The Company's current pay (salary and bonus) has, historically, been relatively low, in favor of stock-based compensation. The Company believes that by emphasizing stock-based incentives, the interests of our named executive officers (and all salaried employees) are aligned with the interests of our shareholders, while remaining appropriately structured so as not to encourage inappropriate risk taking. Shareholders are encouraged to read the Compensation Discussion and Analysis, the Company compensation tables, and the related narrative disclosure.

In accordance with certain legislation, the Company is providing shareholders with an advisory (nonbinding) vote on compensation programs for named executive officers (sometimes referred to as “say-on-pay”). Accordingly, you may vote on the following resolution at the 2014 Annual Meeting of Shareholders:

RESOLVED, that the compensation of the Company’s named executive officers, as disclosed pursuant to Item 402 of Regulation S-K, including Compensation Discussion and Analysis, compensation tables, and narrative disclosure is hereby APPROVED.

This vote is nonbinding. The Board of Directors and the Compensation Committee, which is comprised of independent directors, expect to take into account the outcome this advisory vote when considering future executive compensation decisions, to the extent they can determine the cause or causes of any significant negative voting results.

The Board of Directors unanimously recommends that you vote FOR the approval, on an advisory basis, of the compensation of our named executive officers as disclosed pursuant to Item 402 of Resolution S-K, including Compensation Discussion and Analysis, compensation tables, and narrative disclosure.

PROPOSAL TO ADOPT GENTEX CORPORATION EMPLOYEE STOCK OPTION PLAN

Subject to approval by the Company’s shareholders, the Board of Directors of the Company adopted the Gentex Corporation Employee Stock Option Plan (the “Plan”) which replaces a comparable plan scheduled to expire. The shareholders will be asked to consider and approve the Plan at the 2014 Annual Meeting. The following paragraphs summarize the principal features of the Plan, and the full text of the Plan is appended to this Proxy Statement as Appendix C:

Purpose

The purpose of the Plan is to provide an opportunity to use stock options as a means of recruiting new managerial and technical personnel and for certain employees of the Company to purchase shares of capital stock of the Company and thereby have additional incentive to contribute to the prosperity of the Company.

Eligibility and Administration

Only employees of the Company are eligible to participate in the Plan. The Plan is administered by the Compensation Committee.

Shares Subject to the Plan

A maximum of 12,000,000 million shares of the Company’s common stock, par value \$.06 per share, are authorized for sale under the Plan, subject to appropriate adjustments as the result of stock dividends, stock splits, reverse stock splits, combinations or reclassifications of the Company’s common stock, or any other increase or decrease in the number of issued and outstanding shares of the Company.

New Plan Benefits

The number of shares subject to options granted under the Plan to any single optionee during any one year and/or over the duration of the Plan shall not exceed twenty percent (20%) of the total number of shares authorized under the Plan. The Plan is available to all salaried employees generally and in operation provides for the same method of allocation between executive and non-executive participants. Grants to executive officers for the most recently completed fiscal year under the existing plan are set forth in the Grant of Plan-Based Awards table set forth herein.

Operation of the Plan

The Plan provides for the granting of options which qualify as incentive stock options as defined by Section 422 of the Internal Revenue Code and nonqualified stock options which are options that are not incentive stock options. The exercise price of an option may not be less than 100% of the per share fair market value of the Company's common stock on the day that it is granted. The closing price of the Company's common stock on February 24, 2014, was \$31.45 per share. Upon exercise, the price must be paid in full. Such price may be paid in cash and/or surrendered previously issued shares or outstanding options.

Exercise of Options

Options may be exercised in whole or in part after such dates as may be specified in the option agreements and no option may extend for a period of more than ten years. Individual option agreements will contain such termination provisions as the Compensation Committee deems advisable, except that no option will be exercisable more than 12 months after termination of employment on account of death or disability, nor more than three months after termination of employment for any other reason, without specific approval of the Compensation Committee.

Nontransferability of Options

Options are not transferable, except by will and pursuant to the laws of death and distribution upon an optionee's death, and except for certain estate planning transfers permitted by the Plan. During the lifetime of an optionee, options may only be exercised by optionee, or a permitted transferee.

Amendment and Termination

The Plan, as amended and restated, will terminate on February 20, 2024, unless earlier terminated by the Board of Directors. The Board of Directors may terminate the Plan at any time provided no amendments may, without shareholder approval: (a) have the effect of a repricing (lowering the exercise price of an option already granted or cancelling an option in exchange or substitution for another option when the exercise price of the option is equal to or greater than fair market value of the underlying stock); (b) increase the aggregate number of shares that may be issued under the Plan; (c) decrease the price at which options may be granted; (d) amend the maximum number of shares which may be granted to any one optionee; or (e) modify the eligibility requirements.

Summary of Federal Income Tax Consequences

The following paragraph summarizes the federal income tax consequences with respect to options under the Plan, based upon management's understanding of the existing federal income tax laws.

Incentive Stock Options. No tax consequences will result, except in the case of an optionee subject to alternative minimum tax, to the optionee or the Company from the grant of an incentive stock option to or the exercise of such an option by the optionee. Instead, the optionee will recognize gain or loss when the Shares received upon exercise or the options are sold or disposed. For purposes of determining the gain or loss, the optionee's basis in shares will be the option price. If the date of sale or disposition of shares is at least two years after the date of grant of the option or at least one year after receipt of the shares upon exercise of the option, the optionee will be entitled to capital gain treatment on the sale or disposition.

The Company will generally not be allowed a deduction with respect to an incentive stock option grant, exercise, or sale. If an optionee, however, fails to meet the holding period requirements or makes a disqualifying disposition of the Plan, any gain realized upon sale or a disposition of the shares received upon exercise will be treated as ordinary income, rather than capital gain, to the extent of the excess, if any, of the fair market value of the shares at the time of exercise (or, if less, in certain cases the amount realized on sale or disposition) over the option price. In that case, the Company will be allowed a corresponding deduction.

The amount, if any, upon which the fair market value of the shares transferred to the optionee upon the exercise of the option exceeds the option price may constitute an item of tax preference, subject, in certain circumstances, to alternative minimum tax.

Nonqualified Stock Options. The primary difference between incentive stock options and nonqualified stock options is their tax treatment. No tax consequence will result to the optionee or the Company from the grant of a nonqualified stock option. Unlike an incentive stock option, the optionee will generally be taxed at ordinary income rates at the time the optionee exercises a nonqualified stock option. The amount taxed will be the difference between the fair market value of the stock acquired through the exercise of the option and the price paid by the optionee for such stock. The Company will generally be entitled to a corresponding deduction. If the stock received by the optionee upon exercise of the nonqualified stock option is not transferrable or is subject to a substantial risk of forfeiture, the optionee may not be taxed at the time of exercise (and, in such case, the Company would not be entitled to a corresponding deduction).

Assuming the option was taxed upon the exercise of a nonqualified stock option, any gain on a subsequent sale of the stock acquired upon exercise will be taxed at capital gain rates. For purposes of determining gain or loss, an optionee's basis in shares will be the option price paid upon exercise plus any income upon which tax is paid by the optionee at the time of the exercise.

The rules governing tax treatment of stock options and shares acquired under various tax-favored plans, such as the Plan, are quite technical. Therefore, the foregoing description of tax consequences is necessarily general and does not purport to be complete.

A majority of votes cast at the Annual Meeting of Shareholders, in person or by proxy, on the proposal to adopt the Employee Stock Option Plan is required for approval. Accordingly, you may vote on the following resolution at the 2014 Annual Meeting of Shareholders:

RESOLVED, that the Employee Stock Option Plan be and hereby is approved.

The Board of Directors unanimously recommends a vote FOR approval of the Employee Stock Option Plan.

PROPOSAL TO AMEND AMENDED AND RESTATED 2012 NONEMPLOYEE DIRECTOR STOCK OPTION PLAN

Subject to approval by the Company's shareholders, the Board of Directors of the Company adopted an amendment to the Gentex Corporation 2012 Amended and Restated Nonemployee Director Stock Option Plan (the "Amendment") to increase the number of options issued to a nonemployee director each year. The 2012 Amended and Restated Nonemployee Director Stock Option Plan was approved by the shareholders of the Company in 2012. The shareholders will be asked to consider and approve the Amendment at the Annual Meeting. The following paragraphs summarize the Amendment, and the full text of the Amendment is appended to this Proxy Statement as Appendix D:

Purpose

The purpose of the 2012 Amended and Restated Nonemployee Director Stock Option Plan is to make service on the Board of Directors more attractive to present and prospective outside directors, since the continued services of qualified nonofficer, or outside directors, are considered essential to the sustained progress of the Company. In addition, the 2012 Amended and Restated Nonemployee Director Stock Option Plan encourages stock ownership by outside directors. If the Amendment is approved, each newly elected director, at the time of election, will receive an option for 7,000 shares of the Company's common stock, and incumbent directors and nominees listed under the table under the caption "Election of Directors" will be eligible to receive an annual option in that same amount under the Plan, except for those directors who are also employees of the Company.

Shares Subject to the Plan

The aggregate number of shares of the Company's common stock, which may be issued under the 2012 Amended and Restated Nonemployee Director Stock Option Plan will remain five hundred thousand (500,000) shares, subject to certain adjustments to prevent dilution. If any option or any portion of an option is terminated or surrendered for any reason without being exercised, the shares subject to the unexercised portion of the option shall be available for subsequent option grants.

New Plan Benefits 2012 Amended and Restated Nonemployee Director Stock Option Plan (as amended)

<u>Name of Nonemployee Director/Candidate</u>	<u>Number of Option Shares</u>
Gary Goode	7,000
Pete Hoekstra	7,000
Jim Hollars (New Nominee)	7,000
John Mulder	7,000
Richard Schaum	7,000
Frederick Sotok	7,000
Wallace Tsuha	7,000
James Wallace	7,000
Nonemployee Directors as a Group	49,000

The foregoing represents an incremental grant of 1,000 options to be made annually to each nonemployee director provided the Amendment is approved by the Shareholders.

Terms of Options

The eligibility, administration, and terms of the options granted under the 2012 Amended and Restated Nonemployee Director Stock Option Plan will be the same as those currently in place, except that each annual option for nonemployee directors will be for seven thousand (7,000) shares (rather than six thousand (6,000) shares). Such options will continue to have an exercisable price equal to the fair market value as of the date of grant. The fair market value of a share of common stock shall be equal to the closing sale price per share of common stock on the date of grant as quoted on the NASDAQ Global Select Market. The closing price of the Company's common stock on February 24, 2014, was \$31.45 per share. Options may be exercised only during certain periods of ten business days following the second business day after publication of the Company's annual or quarterly financial reports, and only following the expiration of six months after grant. The exercise price must be paid in cash and/or surrender of previously issued shares. Option agreements will require directors to serve the term to which they are elected.

Amendment and Termination

The Board of Directors has the power to suspend, discontinue, revise, or amend the 2012 Amended and Restated Nonemployee Director Stock Option Plan, as amended, except that no amendment may change the number of shares subject to such plan, change the designation of class of directors eligible to receive options, materially increase the benefits accruing to participants under such plan, or alter or impair any rights or obligations of any option previously granted without the consent of the optionee, unless approval of the shareholders is obtained.

Federal Income Tax Consequences

All options to be granted under the Plan are nonstatutory stock options as further described earlier in this Proxy Statement.

Other Incentive Plans

Other than the 2012 Amended and Restated Nonemployee Director Stock Option Plan, the Company does not currently have, and has not had within the past five years, in effect any provision for outside directors under any bonus, profit sharing, retirement, stock option or purchase, deferred compensation, or other incentive plan.

A majority of votes cast at the Annual Meeting of Shareholders in person or by proxy on the proposal to adopt the amendment to the 2012 Nonemployee Director Stock Option Plan is required for approval. Accordingly, you may vote on the following resolution at the 2014 Annual Meeting of Shareholders:

RESOLVED, that the amendment to the 2012 Amended and Restated Nonemployee Director Stock Option Plan be and hereby is approved.

The Board of Directors recommends a vote FOR approval of the amendment to the 2012 Amended and Restated Nonemployee Director Stock Option Plan.

j. "Code" means the Internal Revenue Code of 1986, as amended.

k. "Incentive Stock Option" or "ISO" shall mean an option to purchase shares of Common Stock granted pursuant to this Plan, which is designated as an Incentive Stock Option within the meaning, and which is intended to meet the requirements, of Section 422 of the Code and the regulations promulgated thereunder.

l. "Nonqualified Stock Option" or "NQSO" shall mean an option to purchase shares of Common Stock granted pursuant to this Plan, which is not an Incentive Stock Option.

3. **Shares.**

a. The total number of shares of the Common Stock which may be sold under the Plan shall not exceed twelve million (12,000,000) shares, except that the total number of shares which may be sold under the Plan may be increased to the extent of adjustments authorized by Paragraph 10.

b. If an option granted under the Plan shall expire or terminate for any reason without having been exercised in full, the shares not delivered under such option shall be available for options subsequently granted.

c. The number of shares of Common Stock subject to options granted under the Plan to any single Optionee during any one year and/or over the duration of the Plan shall not exceed twenty percent (20%) of the total number of shares available under the Plan.

4. **Administration.**

a. The Plan shall be administered by the Committee. The Committee shall determine the employees to be granted options, the amount of stock to be optioned to each employee, and the terms of the options to be granted. The Committee shall have full power and authority to interpret the provisions of the Plan, to supervise the administration of the Plan, and to adopt forms and procedures for the administration of the Plan. All determinations made by the Committee with respect to the Plan shall be final and conclusive.

b. The granting of any option pursuant to this Plan shall be entirely within the discretion of the Committee. Nothing herein contained shall be construed to give any officer or employee any right to participate under this Plan.

c. Each person who is or shall have been a member of the Committee shall be indemnified and held harmless by the Corporation from and against any cost, liability or expense imposed or incurred in connection with such person's or the Committee's taking or failing to take any action under the Plan. Each such person may rely on information furnished in connection with the Plan's administration by any appropriate person or persons.

5. **Eligibility.** Only employees of the Corporation shall be eligible to participate in the Plan. The Committee shall determine, in its discretion, whether or not an individual is eligible to participate in the Plan. An employee who has been granted an option under this Plan or any other plan of the Corporation may be granted additional options.

6. **Exercise Price.** The per share exercise price of each option granted under the Plan shall be at least one hundred percent (100%) of the Market Value of a share of Common Stock; provided, however, any option granted to a participant possessing more than ten percent (10%) of the total combined voting power of all classes of stock of the Corporation shall be at an Option Price not less than one hundred ten percent (110%) of the Market Value of a share of Common Stock and shall not be exercisable after the expiration of five years from the date the option is granted.

7. **Terms of Options.** Each option shall be evidenced by a written agreement containing such terms and conditions as are set by the Board or the Committee, including without limitation the following:

a. **Number of Shares.** Each Option Agreement shall state the number of shares to which it pertains.

b. **Exercise Price.** Each Option Agreement shall state the exercise price, consistent with the terms of the Plan.

c. **Medium and Time of Payment.** The exercise price for each share purchased pursuant to an option granted under the Plan shall be payable in full upon exercise, and may be paid: in cash; or in full or in part, by the surrender of Common Stock owned by the Optionee valued at fair market value or by the surrender of Option rights hereunder that are then exercisable, valued at the difference between the Option Price and the fair market value of the underlying Common Stock. Promptly after the exercise of an Option and the payment of the full Option Price, the Optionee shall be entitled to the issuance of a stock certificate evidencing ownership of such Common Stock or such other documentation of such shares as reasonably determined by the Corporation. An Optionee, however, shall have none of the rights of a shareholder until those shares are properly issued to the Optionee, and no adjustment will be made for dividends or other rights for which the record date is prior to the date such shares are issued, except as provided in Paragraph 10 of this Plan.

d. **Term and Exercise of Options.** Each option shall be exercisable in whole or in part in such amounts and at or after such dates as may be specified in the Option Agreement. In no event, however, shall any option be exercisable less than one (1) year from the date of grant or more than ten (10) years from the date of grant.

e. **Administrative Discretion.** The Committee may in its discretion vary, among employees and among options granted to the same employee, any and all of the terms and conditions of options granted under the Plan, including the term during which and the amounts in which and dates at or after which such options may be exercised.

8. **Transferability of Options and Common Stock.** Except as permitted herein, options under this Plan may not be transferred except by will or according to the laws of descent and distribution. During the lifetime of the Optionee, an option may be exercised only by the Optionee, a guardian, a legal representative, or as otherwise set forth herein. After an Optionee's death, options that were exercisable at the date of death may be exercised at any time within one year after the date of death, subject to prior expiration, by the executor or administrator of the Optionee's estate, any person(s) who acquired the option directly from the Optionee by bequest or inheritance, or any person designated specifically in a written designation signed by the Optionee and filed with the Committee prior to the date of death. The Corporation may, in the event it deems the same desirable to assure compliance with applicable federal and state securities laws, legend any certificate representing, or otherwise mark, shares issued pursuant to the exercise of an option with an appropriate restrictive legend, and may also issue appropriate stop transfer instructions to its transfer agent with respect to such shares.

9. **Termination of Options.** Each Option Agreement shall contain such provisions as the Committee may deem advisable for termination of the option in the event of, and/or exercise of the option after the Optionee's death, disability, or termination of employment by the Corporation. No option may be exercised more than three (3) months after the termination of the Optionee's employment by the Corporation, nor more than twelve (12) months after the Optionee shall have died or become disabled, without the specific approval of the Committee. Option agreements may also contain, in the discretion of the Committee, provisions for termination of options and/or acceleration of exercise rights in the event of any merger or consolidation of the Corporation with, or acquisition of the Corporation or substantially all of its assets by, any other corporation or entity. Nothing in the Plan or in any option shall limit or affect in any way the right of the Corporation to terminate an Optionee's employment at any time nor be deemed to confer upon any Optionee any right to continue in the employ of the Corporation.

10. **Adjustment Provision.** If the number of shares of Common Stock outstanding changes by reason of a stock dividend, stock split, reverse stock split, combination or reclassification of the Common Stock, or any other increase or decrease in the number of issued shares of Common Stock effected without receipt of consideration by the Corporation, the aggregate number and class of shares available under this Plan, any per person limitations, and the number of shares subject to each outstanding option, together with the option prices, shall be appropriately and proportionately adjusted by the Board and/or the Committee. The Board's or the Committee's determination with respect to such adjustment shall be final and conclusive. No adjustment, however, shall be made in a manner that would cause any Incentive Stock Option to not meet the requirements of Section 422 of the Code.

11. **Effective Date of Plan, Termination and Amendment.** The February 20, 2014 Plan restatement and adoption become effective as of the date the restatement and adoption, provided that the Plan is subsequently approved, at a duly called meeting (or any adjustment thereof), by the Corporation's shareholders, not later than the first anniversary of the restatement and adoption. Unless earlier terminated by the Board, the Plan shall terminate on the date ten (10) years subsequent to the date of the restatement and adoption of the Plan. The Board may terminate the Plan at any time, or may from time to time amend the Plan as it deems proper and in the best interest of the Corporation, provided that no such amendment may: (a) have the effect of a repricing (lowering the exercise price of an option already granted or cancelling an option in exchange or substitution for another option or award where the exercise price of the option is equal to or greater than the fair market value of the underlying stock); (b) increase the aggregate number of shares that may be issued under the Plan (except as provided in Paragraph 10); (c) decrease the price at which options may be granted; (d) amend the maximum number of shares set forth in Paragraph 3(c) which may be granted to any single Optionee (except as provided in Paragraph 10); or (e) modify the eligibility requirements set forth in Paragraph 5.

12. **Disqualifying Assignments.** At the request of an Optionee, the Committee may authorize the amendment of any Option Agreement in order to permit an assignment of the option, in whole or in part, to any Authorized Transferee as hereinafter defined, subject to such procedures and conditions as the Committee may establish from time to time; provided, however, any such amendment may result in disqualification of the option from favorable tax treatment under the applicable provisions of the Code and the Company shall have no responsibility for that, or any other adverse tax consequence that results from such an amendment. The amendment shall: (a) permit transfers only to the Optionee's spouse and/or the Optionee's descendants, and/or to a trust created primarily for the benefit of the Optionee, the Optionee's spouse, and/or the Optionee's descendants ("Authorized Transferee"); (b) prohibit payment of any consideration by the Authorized Transferee to the original Optionee; (c) prohibit any further transfer of the option; (d) provide that the Authorized Transferee shall succeed to all of the rights and benefits (except any right to further transfer the option) and be subject to all obligations, conditions, and limitations applicable to the original Optionee; (e) and set forth such other conditions, terms, and provisions as the Committee may require in the exercise of its discretion. All rights, benefits, obligations, conditions, and limitations of any option transferred to an Authorized Transferee shall be determined as if the original Optionee continued to hold the option, whereby provisions of this Plan dealing with the death or disability of an Optionee will continue to refer to the original Optionee, regardless of whether the option has been transferred to an Authorized Transferee. Options may be exercised during the lifetime of the original Optionee only by the original Optionee or an Authorized Transferee as the case may be. In the event of an Optionee's death, options may be exercised to the same extent exercisable by the Optionee at the date of death, at any time prior to the earlier of the specified expiration date, or a date after the Optionee's death specified in the Option Agreement by any of the following persons: (i) personal representatives of the estate of the Optionee; (ii) any person or persons who shall have acquired the option directly from the Optionee by bequest or inheritance; (iii) any person designated to exercise the option by means of a specific written designation executed by the Optionee and filed with the Corporation prior to the Optionee's death; or (iv) an Authorized Transferee.

13. **No Loans.** The Corporation shall not lend money to any employee to finance any transaction under the Plan.

14. **Types of Stock Options.** The Committee shall have the authority to grant to any eligible employee one or more Incentive Stock Options, Nonqualified Stock Options, and/or a combination of both types of options. To the extent that any option does not qualify as an ISO (whether because of its provisions or the time or manner of its exercise or otherwise), such option or the portion thereof that does not qualify shall constitute a separate NQSO. Whenever possible, each provision in this Plan and of each ISO granted pursuant to this Plan shall be interpreted in such a manner as to entitle each ISO granted pursuant to this Plan to the tax treatment afforded by Section 422 of the Code. If any provision of this Plan or of any ISO granted pursuant to this Plan shall be held not to comply with requirements necessary to entitle such ISO to such tax treatment, then: (a) such provision shall be deemed to have contained from the outset such language as shall be necessary to entitle the ISO to the tax treatment afforded under Section 422 of the Code, and (b) all other provisions of this Plan and the applicable ISO shall remain in full force and effect. If any Option Agreement for an ISO granted pursuant to this Plan does not explicitly include any terms required to entitle such ISO to the tax treatment afforded by Section 422 of the Code, all such terms shall be deemed implicit in the designation of such ISO and the ISO shall be deemed to have been granted subject to all such terms. Notwithstanding anything in this Plan to the contrary, no term of this Plan relating to ISOs shall be interpreted, amended, or altered, nor shall any discretion or authority granted under this Plan be so exercised, so as to disqualify the Plan under Section 422 of the Code, or, without the consent of Optionees affected, to disqualify any ISO under such Section 422. The aggregate Market Value of the shares of Common Stock with respect to which one or more ISOs (or other incentive stock options, within the meaning of Section 422 of the Code, under all other option plans of the Corporation), that are exercisable for the first time by an Optionee during any calendar year, shall not exceed the \$100,000 limitation imposed by Section 422(d) of the Code.

CERTIFICATION

The foregoing Plan was duly adopted by the Board of Directors, effective February 20, 2014, subject to the approval of the Corporation's shareholders.
