

Gentex Announces Increase in Quarterly Cash Dividend

May 18, 2017

ZEELAND, Mich., May 18, 2017 (GLOBE NEWSWIRE) -- Gentex Corporation (NASDAQ:GNTX), the Zeeland, Michigan-based manufacturer of automotive automatic-dimming rearview mirrors, automotive electronics, dimmable aircraft windows, and fire protection products, today reported that its Board of Directors approved an increase in its quarterly cash dividend to \$0.10 (10 cents) per share, representing an increase of 11 percent over the current dividend rate. The Board subsequently declared a quarterly cash dividend of \$0.10 per share that will be payable July 19, 2017, to shareholders of record of the common stock at the close of business on July 6, 2017.

Since 2003, Gentex has consistently grown its dividend as an efficient and consistent level of return of capital to shareholders, which represents an approximate 2 percent yield based on the Company's current stock price. This dividend increase continues to be a key part of the Company's overall capital allocation strategy and is evidence that the management and board of directors continue to believe in the importance of returning value to Gentex shareholders while representing further confidence in the Company's future earnings potential.

Safe Harbor for Forward-Looking Statements

This news release contains forward-looking statements within the meaning of the safe harbor provisions of the Private Securities Litigation Reform Act of 1995. The statements contained in this communication that are not purely historical are forward-looking statements. Forward-looking statements give the Company's current expectations or forecasts of future events. These forward-looking statements generally can be identified by the use of words such as "anticipate", "believe", "could", "estimate", "expect", "forecast", "goal", "hope", "may", "plan", "project", "will", and variations of such words and similar expressions. Such statements are subject to risks and uncertainties that are often difficult to predict and beyond the Company's control, and could cause the Company's results to differ materially from those described. These risks and uncertainties include, without limitation: changes in general industry or regional market conditions; changes in consumer and customer preferences for our products (such as cameras replacing mirrors and/or autonomous driving); our ability to be awarded new business; continued uncertainty in pricing negotiations with customers; loss of business from increased competition; changes in strategic relationships; customer bankruptcies or divestiture of customer brands; fluctuation in vehicle production schedules; changes in product mix; raw material shortages; higher raw material, fuel, energy and other costs; unfavorable fluctuations in currencies or interest rates in the regions in which we operate; costs or difficulties related to the integration and/or ability to maximize the value of any new or acquired technologies and businesses; changes in regulatory conditions; warranty and recall claims and other litigation and customer reactions thereto; possible adverse results of pending or future litigation or infringement claims; changes in tax laws; import and export duty and tariff rates in or with the countries with which we conduct business; and negative impact of any governmental investigations and associated litigations including securities litigations relating to the conduct of our business. Readers are cautioned not to place undue reliance on these forward-looking statements, which speak only as of the date they are made. The Company undertakes no obligation to publicly update or revise any forward-looking statement, whether as a result of new information, future events or otherwise, except as required by law or the rules of the NASDAQ Global Select Market. Accordingly, any forward-looking statement should be read in conjunction with the additional information about risks and uncertainties identified under the heading "Risk Factors" in the Company's latest Form 10-K and Form 10-Q filed with the SEC.
