PROXY STATEMENT FOR ANNUAL MEETING
OF SHAREHOLDERS TO BE HELD MAY 18, 2000

SOLICITATION OF PROXIES

This Proxy Statement is being furnished on or about April 11, 2000, to the shareholders of Gentex Corporation (the "Company") in connection with the solicitation by the Board of Directors of the Corporation of Proxies to be used at the Annual Meeting of Shareholders to be held on Thursday, May 18, 2000, at 4:30 p.m., at the Company's new automotive products manufacturing facility, 58 E. Riley Street, Zeeland, Michigan.

If the form of Proxy accompanying this Proxy Statement is properly executed and returned to the Company, the shares represented by the Proxy will be voted at the Annual Meeting of Shareholders in accordance with the directions given in the Proxy, unless the Proxy is revoked. Any shareholder executing and returning the form of Proxy which accompanies this Proxy Statement may revoke the Proxy, at any time before it has been exercised, by delivering a written notice of revocation to the Secretary of the Company, executing a subsequent proxy or attending the meeting and voting in person.

The cost of the solicitation of Proxies will be borne by the Company. In addition to the use of the mail, Proxies may be solicited personally or by telephone or facsimile by a few regular employees of the Company without additional compensation. The Company does not intend to pay any compensation for the solicitation of Proxies, except that brokers, nominees, custodians, and other fiduciaries will be reimbursed by the Company for their expenses in connection with sending proxy materials to beneficial owners and obtaining their Proxies.

VOTING SECURITIES AND RECORD DATE

March 24, 2000, has been fixed by the Board of Directors as the record date for determining shareholders entitled to vote at the Annual Meeting. On that date, 73,737,537 shares of the Company's common stock, par value \$.06 per share, were issued and outstanding. Shareholders are entitled to one vote for each share of the Company's common stock registered in their names at the close of business on the record date.

ELECTION OF DIRECTORS

The Company's Articles of Incorporation specify that the Board of Directors shall consist of at least six, but not more than nine members, with the exact number to be determined by the Board. The Board has fixed the number of directors at seven. The Articles of Incorporation also

specify that the Board of Directors be divided into three classes, with the classes to hold office for staggered terms of three years each. Fred Bauer and Leo Weber are incumbent directors previously elected by shareholders, and they are nominees for re-election to a three-year term expiring in 2003.

Unless otherwise specifically directed by a shareholder's marking on the Proxy card, the persons named as proxy voters in the accompanying Proxy will vote for the nominees described below. In the event any of these nominees is no longer a candidate at the time of the Annual Meeting of Shareholders (a situation which is not now anticipated), the Board of Directors may designate a substitute nominee, in which case the accompanying Proxy will be voted for the substituted nominee.

Under Michigan law, directors are elected by a plurality of votes cast by shareholders. Therefore, the two nominees who receive the largest number of affirmative votes will be elected, irrespective of the number of votes received. Broker nonvotes, votes withheld, and votes cast against any nominee will not have a bearing on the outcome of the election. Votes will be counted by Inspectors of Election appointed by the presiding officer at the Annual Meeting.

The Board of Directors recommends a vote FOR the election of both persons nominated by the Board.

The content of the following table relating to business experience is based upon information furnished to the Company by the nominees and directors.

Previously, he was Senior Vice President - Automotive Marketing from September 1998 to February 2000. Prior to September 1998, he was Vice President - Automotive Marketing for more than five years.

Arlyn Lanting and Kenneth La Grand are brothers-in-law. There are no other family relationships between the nominees, directors, and executive officers of the Company.

The Company has an Audit Committee comprised of Messrs. Lanting and Weber. The Audit Committee recommends to the Board of Directors the selection of independent public accountants and reviews the scope of their audit, and their audit report, and any recommendations made by them. This Committee met on three occasions during the fiscal year ended December 31, 1999.

The Company has a Compensation Committee comprised of Messrs. Bauer, Lanting and Thompson. The Compensation Committee is responsible for administering the Company's stock-based incentive plans and supervising other compensation arrangements for executive officers of the Company. The Compensation Committee met five times during the fiscal year ended December 31, 1999.

In addition, the Company has an Executive Committee comprised of Messrs. Bauer, Lanting and La Grand which is authorized to act on behalf of the Board between full Board meetings, to the extent permitted by law. This Committee did not meet during the fiscal year ended December 31, 1999.

The Company does not have a standing nominating committee.

During 1999, the Board of Directors met on three occasions. All directors attended at least seventy-five percent of the aggregate number of meetings of the Board and Board committees on which they served.

PROPOSAL TO APPROVE INCREASE IN AUTHORIZED SHARES OF COMMON STOCK

Article III of the Company's Articles of Incorporation currently provides for authorized capital stock of 105,000,000 shares, consisting of 100,000,000 shares of common stock, par value \$.06 per share, and 5,000,000 shares of preferred stock, no par value. No preferred stock is presently outstanding. At March 1, 2000, there were 73,513,873 shares of common stock outstanding, and 11,664,520 shares have been reserved for issuance under the Company's various stock plans.

At a meeting held on March 27, 2000, the Board of Directors resolved to amend Article III of the Articles of Incorporation to increase the authorized shares of common stock from 100,000,000 to 200,000,000 sometime prior to the Company's annual meeting in 2001, and recommend the amendment for approval by the Company's shareholders. The Board's resolution and its recommendation are subject to the Board's ability to abandon the amendment in its discretion. The Board believes that the authorization of an additional 100,000,000 shares of common stock will provide increased flexibility for future growth and provide the opportunity for enhanced marketability of the Company's common stock, although the Board has no present intention of issuing those shares for any particular purpose at the present time.

From time to time, the Company has considered potential acquisitions and management expects to continue to consider acquisition opportunities in the future. The Company's common stock could be used as a means for accomplishing an acquisition. The increase in authorized common stock would also enhance the ability of the Board of Directors to consider the possibility of declaring a stock dividend to existing shareholders and/or provide for the reservation of additional shares for potential issuance under the Company's various stock plans as a means of retaining key personnel and attracting new personnel. It is also possible that the additional shares of common stock could be utilized by the Company as a part of a defensive strategy to counter any hostile takeover attempts. Shares of the Company's common stock do not carry preemptive rights to purchase additional shares of the Company's stock.

The Board recommends that Article III of the Company's Articles of Incorporation be amended to read as stated on Appendix A to this Proxy Statement any time prior to the Company's annual meeting in 2001, subject to the Board's ability to abandon the amendment in its discretion. The only change in the Articles is the increase in the number of shares of common stock from 100,000,000 to 200,000,000.

The affirmative vote of a majority of the outstanding shares of common stock, in person or by proxy, on the proposed amendment to Article III is required for approval. Since an absolute majority of outstanding shares is required, any ballot or proxy marked "abstain" will have the same effect as a negative vote. Votes will be counted by Inspectors of Election appointed by the presiding officer at the Annual Meeting.

The Board of Directors recommends a vote FOR adoption of the proposed increase in authorized common stock any time prior to the Company's annual meeting in 2001, subject to the Board's ability to abandon the amendment in its discretion.

(1) Represents the aggregate market value at the date of grant for shares of common stock awarded under the Company's Restricted Stock Plan. Assuming continued employment with the Company, restrictions on shares lapse upon the expiration of five years from the date of grant in the case of Mr. Jen, and one-third each on the 4th, 5th, and 6th anniversaries of the grant in all other cases. Dividends will be paid on these shares if, and to the same extent, paid on the Company's common stock generally. At the close of the Company's fiscal year, the following officers held the following number of restricted shares with the corresponding net market values: K. La Grand 38,667 shares for \$1,073,009, J. Mulder 30,834 shares for \$855,644, and E. Jen 33,000 shares for \$915,750.

(2) These amounts represent the sum of "matching" contributions by the Company pursuant to its 401(k) Plan and annual premiums for term life insurance attributed to each named executive officer.

The following table contains information regarding stock options granted to the above-named executive officers during the preceding fiscal year.

(1) These options become exercisable, so long as employment with the Company continues, for twenty percent of the shares on each anniversary of the grant date commencing with the first anniversary of the grant date.

(2) The exercise price may be paid in cash, in shares of the Company's common stock, and/or by the surrender of exercisable options valued at the difference between the exercise price and the market value of the underlying shares.

(3) Based on the Black-Scholes option valuation model, assuming volatility of 52 percent, a risk-free rate of return equal to seven-year treasury bonds, a dividend yield of zero, and an exercise date of seven years after grant. This model is an alternative suggested by the Securities and Exchange Commission, and the Company neither endorses this particular model, nor necessarily agrees with this method for valuing options. The ultimate value of options will depend on the Company's success, as reflected by an increase in the price of its shares, which will inure to the benefit of all shareholders.

The following table contains information regarding the exercise of options during the preceding fiscal year by the above-named executives, as well as unexercised options held by them at fiscal year-end.

EXECUTIVE COMPENSATION REPORT

Responsibility for the Company's executive compensation program has been delegated by the Board of Directors to the Compensation Committee, except for compensation of the chief executive officer, which is determined by the Board based on recommendations from the Committee. This Committee is comprised of three members: two independent outside directors and the Chief Executive Officer (C.E.O.).

The executive compensation program is composed of three elements: base salary, annual bonus, and stock-based incentives. These elements are utilized to accommodate several objectives:

- Provide the means to attract, motivate, and retain executive management personnel.
- Provide the long-term success by focusing on continuing technical development and improvement in customer satisfaction.
- Provide base salary compensation that is competitive in the market for managerial talent
- Provide annual bonus compensation reflective of both individual achievement and overall Company performance.
- Provide stock-based incentive compensation that focuses on long-term Company performance and aligning the interests of management with the interests of shareholders.

Base salary compensation for executive officers is predicated primarily on competitive circumstance for managerial talent and positions reflecting comparable responsibility. These competitive circumstances are determined from local, regional, and national surveys of employers comparable to the Company in size, stage of development, and industry. Historically, base salaries for executive officers have been relatively low, and stock-based incentives have received more emphasis, reflecting the entrepreneurial, high growth rate stage of the Company's development. Base salary decisions for executive officers other than the C.E.O. are determined by C.E.O. F. Bauer. The base salary for C.E.O. Bauer for 1999 was recommended by the Committee (without participation by C.E.O. Bauer) and approved by the Board of Directors. The Committee's recommendation was made after reviewing survey information from several sources, textual materials regarding executive compensation strategies in general, the past and expected contributions of C.E.O. Bauer to the Company's progress, the quality, loyalty, and performance of the management team assembled and led by him, and the relationships between his salary and the average salary levels for the Company's hourly paid workers, salaried employees, and executive officers.

Annual bonus compensation for executive officers is composed of two elements: payments under the Company's Gain Sharing Bonus Plan and performance bonuses. All employees of the Company, including executive officers, are eligible to share in the Company's Gain Sharing Bonus Plan after the first three months of employment. A percentage of pretax income, in excess of an established threshold for shareholder return on equity, is distributed quarterly to eligible employees. The amount to be distributed is allocated among all eligible employees in proportion to the salary or wages (including overtime) paid to those employees during the quarter. In addition, performance bonuses are paid to various managerial employees, including executive officers, based upon individual performance during the year and the overall performance of the Company during the year. Regarding 1999, C.E.O. F. Bauer evaluated the performance of each executive officer, sometimes in consultation with other officers, and determined performance bonuses predicated approximately one-half on the individual's achievements and contributions to Company success, and one-half on the overall performance of the Company for the year. C.E.O. F. Bauer participated in the Gain Sharing Plan along with all other eligible employees.

Stock-based incentive compensation is intended to align the interests of shareholders and senior management by making the managers shareholders in a significant amount, and providing them incentives to work to increase the price of the Company's shares by granting them options to acquire additional shares. Generally, restricted stock grants are subject to forfeiture if the executive officer does not continue employment with the Company for the period specified at the time of grant. Similarly, stock options become exercisable generally for a portion of the shares after one year and for additional portions each year thereafter, subject, however, to the requirement that the optionee must be employed by the Company at the time of exercise. During 1999, stock options were awarded to executive officers, other than the C.E.O., by the Committee, based upon recommendations from C.E.O. F. Bauer, taking into consideration for each executive the scope of responsibility, construction to success in prior periods, ability to influence success in the future, and demonstrated ability to achieve agreed-upon goals. In addition, the Board approved the recommendation of the Committee (arrived at without the participation of Mr. Bauer) to grant C.E.O. F. Bauer an option to acquire 65,000 shares of the common stock, based

upon the Committee's evaluation of his management of the Company's other managerial employees and his desire to receive bonus compensation in the form of options rather than cash.

STOCK PERFORMANCE GRAPH

The following graph depicts the cumulative total return on the Company's common stock compared to the cumulative total return on The NASDAQ Stock Market(R) index (all U.S. companies) and the Dow Jones Index for Automobile Parts and Equipment Companies (excluding tire and rubber makers). The graph assumes an investment of \$100 on the last trading day of 1994, and reinvestment of dividends in all cases.

[GRAPH]

The Company has not adopted any long-term incentive plan or any defined benefit or actuarial plan, as those terms are defined in the applicable regulations promulgated by the Securities and Exchange Commission. Neither does the Company have any contracts with its executive officers assuring them of continued employment, nor any compensatory arrangement for executives linked to a change in control of the Company.

Directors who are employees of the Company receive no compensation for services as directors. Directors who are not employees of the Company receive a director's retainer in the amount of \$6,000 per year plus \$800 for each meeting of the Board attended and \$500 for each committee meeting attended. In addition, each nonemployee person who is a director immediately following each annual meeting of shareholders is entitled to receive an option to purchase 5,000 shares of the Company's common stock at a price per share equal to the fair market value on that date. Each option has a term of ten years and becomes exercisable in full six months after the date of the grant.

COMPENSATION COMMITTEE INTERLOCKS AND
INSIDER PARTICIPATION IN COMPENSATION DECISIONS

Fred Bauer, Chairman and C.E.O., was a member of the Company's Compensation Committee during the fiscal year ended December 31, 1999. That Committee was responsible for supervising the Company's executive compensation arrangements, including the making of decisions with respect to the award of stock-based incentives for executive officers during that year.

Arlyn Lanting, a director and member of the Company's Compensation Committee, was an officer of the Company more than fifteen years ago.

TRANSACTIONS WITH MANAGEMENT

Since 1978, prior to the time the Company became a publicly held corporation, the Company has leased a building that previously housed its main office, manufacturing and warehouses facilities, and currently houses production operations for the Company's fire protection products. The lessor for that building is G & C Associates, a general partnership, and nearly all of the partnership interests in G & C Associates are held by persons related to Fred Bauer. The lease is a "net" lease, obligating the Company to pay all expenses for maintenance, taxes, and insurance, in addition to rent. During 1999, the rent paid to this partnership was \$52,153, and the rent for the current fiscal year is the same. The Board of Directors believes that the terms of this lease are at least as favorable to the Company as could have been obtained from unrelated parties.

Arlyn Lanting and Kenneth La Grand are both substantial shareholders in GTI/MTA Travel, Inc., a local travel agency used by the Company to book airline travel for its employees. During 1999, the Company paid \$375,080 for airline travel booked through this agency and the travel agency receives a small percentage (usually less than five percent) of this amount as a commission from the airlines. This arrangement has been reviewed by the Company's Board of Directors and approved on the basis that the prices and services provided afford the best value available to the Company.

RELATIONSHIP WITH INDEPENDENT PUBLIC ACCOUNTANTS

The Board of Directors has selected Ernst & Young LLP to serve as the Company's independent auditors for the fiscal year ending December 31, 2000. Representatives of Ernst & Young are expected to be present at the annual meeting to respond to appropriate questions and will have an opportunity to make a statement if they desire.

the Company is not aware of any failure by any reporting person to make timely filings of those Forms as required by Section 16(a) of the Securities Exchange Act of 1934.
