PROXY STATEMENT FOR ANNUAL MEETING OF SHAREHOLDERS TO BE HELD MAY 14, 2009

QUESTIONS & ANSWERS

PROXY STATEMENT

Why am I receiving this Proxy Statement?

The Company's Board of Directors is soliciting proxies for the 2009 Annual Meeting of Shareholders. You are receiving a Proxy Statement because you owned shares of the Company's common stock on March 19, 2009, which entitles you to notice of, to attend, and to vote at the meeting. By use of a Proxy, you can vote whether or not you plan to attend the meeting. The Proxy Statement describes the matters on which the Board would like you to vote and provides information on those matters so that you can make an informed decision.

The Notice of the Annual Meeting (including Notice Regarding the Availability of Proxy Materials), Proxy Statement, and Proxy Card are being mailed to shareholders on or about April 3, 2009. These materials are available at <https://www.proxyvote.com>.

What will I be voting on?

- Election of three directors (see pages 5-7).
- Ratify the appointment of Ernst & Young LLP as the Company's auditors for the fiscal year ending December 31, 2009 (see pages 29-30).

The Board of Directors recommends a vote *FOR* each of the nominees to the Board of Directors and *FOR* ratification of the appointment of Ernst & Young LLP as the Company's auditors for the fiscal year ending December 31, 2009.

How do I vote?

You can vote either in person at the Annual Meeting or by Proxy without attending the Annual Meeting. *We urge you to vote by Proxy even if you plan to attend the Annual Meeting so that we will know as soon as possible that enough votes will be present for us to hold the meeting.* If you attend the meeting in person, you may vote at the meeting and your Proxy will not be counted.

Please note that there are separate telephone and Internet arrangements depending upon whether you are a holder of record [that is, if your shares are registered in your own name with our transfer agent and you have possession of your stock certificate(s)] or whether you hold your shares in "street name" (that is, if your shares are held for you by a broker or other nominee).

Shareholders of record voting by Proxy may use one of the following three options:

- Voting by *Internet* (log on to <https://www.proxyvote.com> and follow the directions there). We recommend you vote this way as it is the most cost-effective method; or
- Voting by *toll-free telephone* (instructions are on the Proxy Card or Voting Instruction Form); or
- Filling out the enclosed *Proxy Card*, signing it, and mailing it in the enclosed postage-paid envelope.

If you hold your shares in “street name,” please refer to the information forwarded by your broker or other nominee to see which options are available to you.

The telephone and Internet voting facilities for shareholders of record will close at 11:59 p.m. EST on May 13, 2009. If you vote over the Internet, you may incur costs, such as telephone and Internet access charges, for which you will be responsible. The telephone and Internet voting procedures are designed to authenticate shareholders by the use of control numbers and to allow you to confirm that instructions have been properly recorded.

Can I change my vote?

Yes. At any time before your Proxy is voted at the meeting, you may change your vote by:

- Revoking it by written notice to the Secretary of the Company at the address on the cover of the Proxy Statement;
- Delivering a later-dated Proxy (including a telephone or Internet vote); or
- Voting in person at the meeting.

If you hold your shares in “street name,” please refer to the information forwarded by your broker or other nominee for procedures on revoking or changing your Proxy.

How many votes do I have?

You will have one vote for every share of common stock that you owned on March 19, 2009.

How many shares are entitled to vote?

There were 137,624,459 shares of the Company common stock outstanding as of March 19, 2009, and entitled to vote at the meeting. Each share is entitled to one vote.

How many votes must be present to hold the meeting?

Under the Company’s Bylaws, a majority of all of the voting shares of the capital stock issued and outstanding as of March 19, 2009, must be present in person or by Proxy to hold the Annual Meeting.

What if I do not vote for some or all the matters listed on my Proxy Card?

If you return a Proxy Card without indicating your vote for some or all of the matters, your shares will be voted as follows for any matter you did not vote on:

- For the approval of the director nominees to the Board listed on the card.
- For ratification of Ernst & Young LLP as the Company’s auditors for the fiscal year ended December 31, 2009.

How many votes are needed for the approval of items upon which the shareholders are being asked to vote?

- Under Michigan law, the three nominees for director will be elected by a plurality of the votes cast.
- Ratification of the appointment of Ernst & Young LLP as the Company’s auditors for the fiscal year ended December 31, 2009, is by a majority of the votes cast.

What if I vote “abstain?”

A vote to “abstain” on the election of the directors or on the proposal will have no effect on the outcome.

What if I do not return my Proxy Card and do not attend the Annual Meeting?

If you are a holder of record and you do not vote your shares, your shares will not be voted. If you hold your shares in “street name,” and you do not give your broker or other nominee specific voting instructions for your shares, your broker or other nominee may not be permitted to exercise voting discretion with respect to certain matters to be acted upon.

If you do not give your record holder specific voting instructions and your record holder does not vote on the proposals, the votes will be “broker non-votes.” “Broker non-votes” will have no effect on the vote for the election of directors or the proposal.

Is my vote confidential?

Proxy instructions, ballots, and voting tabulations that identify individual shareholders are handled in a manner that protects your voting privacy. Your vote will not be disclosed either within the Company or to third parties, except:

- as necessary to meet applicable legal requirements;
- to allow for the tabulation of votes and certification of the vote; or
- to facilitate successful Proxy solicitation by our Board.

Occasionally, shareholders provide written comments on their Proxy Cards which are then forwarded to the Company's management.

<http://www.easyir.com/easyir/firl.do?easyirid=74B343E1F282071F>

Most shareholders can elect to view future Proxy Statements and Annual Reports over the Internet instead of receiving paper copies in the mail.

If you are a holder of record, you can choose this option and save the Company the cost of producing and mailing these documents by:

- Following the instructions provided when you vote over the Internet, or
- Going to <https://www.icsdelivery.com/gntx> and following the instructions provided.

If you are a holder of record and you choose to view future Proxy Statements and Annual Reports over the Internet, you will receive an e-mail message next year containing the Internet address to access the Company's Proxy Statement and Annual Report. The e-mail also will include instructions for voting over the Internet. Your choice will remain in effect until you tell us otherwise. You do not have to elect Internet access each year.

If you hold your shares in "street name," and choose to view future Proxy Statements and Annual Reports over the Internet and your broker or other nominee participates in this service, you will receive an e-mail message next year containing the Internet address to use to access the Company's Proxy Statement and Annual Report.

HOUSEHOLDING INFORMATION

What is “householding?”

The Company has adopted a procedure called “householding,” which has been approved by the Securities and Exchange Commission. Under this procedure, a single copy of the Annual Report and Proxy Statement will be sent to any household at which two or more shareholders reside if they appear to be members of the same family, unless one of the shareholders at the address notifies us that they wish to receive additional copies. This procedure reduces our printing costs, mailing costs, and fees.

Shareholders who participate in householding will continue to receive separate Proxy Cards. If a single copy of the Annual Report and Proxy Statement was delivered to an address that you share with another shareholder, at your request to the Corporate Secretary (at 600 North Centennial Street, Zeeland, Michigan 49464), we will promptly deliver a separate copy.

How do I withhold my consent to the householding program?

If you are a holder of record and share an address and last name with one or more holders of record, and you wish to continue to receive separate Annual Reports, Proxy Statements and other disclosure documents, you must withhold your consent by checking the appropriate box on the enclosed Proxy Card and returning it by mail in the enclosed envelope. *Even if you vote by telephone or Internet, the enclosed Proxy Card must be returned and marked appropriately to withhold your consent to householding.*

If you do not return the Proxy Card to withhold your consent to the householding program, you may revoke your consent at any future date. Please contact Broadridge, either by calling toll-free at 1-800-542-1061, or by writing to Broadridge, Householding Department, 51 Mercedes Way, Edgewood, New York 11717. You will be removed from the householding program within 30 days of the receipt of the revocation of your consent, following which you will receive an individual copy of our disclosure document.

If you are receiving multiple copies of the Annual Report and Proxy Statement at an address shared with another shareholder, you may also contact Broadridge to participate in the householding program.

A number of brokerage firms have instituted householding. If you hold shares in “street name,” please contact your broker or other nominee to request information about householding.

SOLICITATION OF PROXIES

This Proxy Statement is being furnished on or about April 3, 2009, to the shareholders of Gentex Corporation as of the record date, in connection with the solicitation by the Board of Directors of the Company of Proxies to be used at the Annual Meeting of Shareholders to be held on Thursday, May 14, 2009, at 4:30 p.m. EST, at The Pinnacle Center, 3330 Highland Drive, Hudsonville, Michigan.

Each shareholder as of the record date, as an owner of the Company, is entitled to vote on matters to come before the Annual Meeting. The use of Proxies allows a shareholder of the Company to be represented at the Annual Meeting if he or she is unable to attend in person.

There are four ways to vote your shares:

- 1) By Internet at <https://www.proxyvote.com>. *We encourage you to vote this way.*
- 2) By toll-free telephone (refer to your Proxy Card or Voting Instruction Form for the correct number).
- 3) By completing and mailing your Proxy Card or Voting Instruction Form.
- 4) By written ballot at the Annual Meeting.

If the form of Proxy accompanying this Proxy Statement is properly executed using any of the methods described above, the shares represented by the Proxy will be voted at the Annual Meeting of Shareholders and at any adjournment of the meeting. Where shareholders specify a choice, the Proxy will be voted as specified. If no choice is specified, the shares represented by Proxy will be voted for the election of all nominees named in the Proxy and to ratify Ernst & Young LLP as the Company's auditors for the fiscal year ending December 31, 2009. These proposals are described in this Proxy Statement. A Proxy may be revoked prior to its exercise by (1) delivering a written notice of revocation to the Secretary of the Company, (2) delivery of a later-dated Proxy including a telephone or Internet vote, or (3) attending the meeting and voting in person (must provide proof of ownership of shares).

VOTING SECURITIES AND RECORD DATE

March 19, 2009, has been fixed by the Board of Directors as the record date for determining shareholders entitled to vote at the Annual Meeting. On that date, 137,624,459 shares of the Company's common stock, par value \$.06 per share, were issued and outstanding. Shareholders are entitled to one vote for each share of the Company's common stock registered in their names at the close of business on the record date. Abstentions and broker non-votes are counted for the purposes of determining the presence or absence of a quorum for the transaction of business. Abstentions and broker non-votes are not, however, counted in tabulations of votes cast on matters presented to shareholders.

ELECTION OF DIRECTORS

The Company's Restated Articles of Incorporation specify that the Board of Directors shall consist of at least six, but not more than nine members, with the exact number to be determined by the Board. The Board has currently set the number of directors at nine. The Restated Articles of Incorporation also specify that the Board be divided into three classes, with the classes to hold office for staggered terms of three years each.

The majority of the members of the Company's Board of Directors qualify as "independent directors" as determined in accordance with the current listing standards of The NASDAQ Global Select Market ("NASDAQ"). Based on the current NASDAQ listing standards, the Company's Board of Directors has identified and affirmatively determined the following individuals have no material relationships with the Company other than as a director and are independent: Gary Goode, John Mulder, Rande Somma, Wallace Tsuha, and James Wallace. In making its independence determinations, the Board considered that Mr. Mulder is a former employee and has a consulting arrangement with the Company as described herein.

The terms of current board members Fred Bauer, Gary Goode, and James Wallace expire upon the election of the directors to be elected at the 2009 Annual Meeting. The Board has (upon the recommendation of the Company's Nominating Committee) nominated Fred Bauer, Gary Goode, and James Wallace for election as directors at the Annual Meeting, each to serve a three-year term expiring in 2012.

-- Mr. Bauer has served as a director of the Company since 1981 and was most recently elected as a director by the Company's shareholders in 2006.

-- Mr. Goode has served as a director of the Company since 2003 and was most recently elected as a director by the Company's shareholders in 2006.

-- Mr. Wallace has served as a director of the Company since 2007 and was previously elected as a director by the Company's shareholders in 2007.

Unless otherwise specifically directed by a shareholder's marking on the Proxy Card, or in directions given either via the Internet or telephone, the persons named as Proxy voters in the accompanying Proxy will vote for the nominees described above and below. If any of these nominees becomes unavailable, which is not now anticipated, the Board may designate a substitute nominee, under the recommendation of the Nominating Committee, in which case the accompanying Proxy will be voted for the substituted nominee. Proxies cannot be voted for a greater number of persons than the number of nominees named.

A plurality of votes cast by shareholders at the meeting is required to elect directors of the Company under Michigan law. Accordingly, the three nominees who receive the largest number of affirmative votes will be elected, regardless of the number of votes received. Broker non-votes and votes withheld will not have a bearing on the outcome of the election. Votes will be counted by Inspectors of Election appointed by the presiding officer at the Annual Meeting.

The Board of Directors recommends a vote *FOR* the election of all persons nominated by the Board.

COMPENSATION DISCUSSION AND ANALYSIS

Introduction

Overview of Our Compensation System

The Primary Objectives Are:

- create and maintain an entrepreneurial culture
- motivate employees to:
 - continue technical developments
 - improve customer satisfaction
- create and maintain teamwork (all salaried employees subject to same system)

The Elements Comprise:

- base salary
- bonuses
- stock-based incentives

We Emphasize Stock-Based Incentives:

- current pay (salary and bonus) predicated on competitive circumstances, but historically has been low in favor of stock-based compensation
- stock-based compensation intended to align executive and employee interests with the interests of our shareholders

Responsibilities

Compensation Committee. The Compensation Committee of our Board of Directors is appointed to assist our Board in discharging its responsibilities relating to the compensation of our executives. The Compensation Committee:

- is comprised of three directors, each of whom has been determined by our Board to be independent under applicable standards;
- operates under and in accordance with its written Charter; and
- has a chair who sets meeting agendas and the calendar for meetings.

The Chief Executive Officer and other members of management attend meetings of the Compensation Committee at the request of this Committee. The Compensation Committee does meet in executive session as necessary. The Compensation Committee has the authority to engage outside consultants to advise the Committee with respect to compensation of executives, in its discretion.

Board of Directors. The Board of Directors has responsibility to annually assess our director compensation program. Members of management attend meetings of the Board at the Board's request, but the Board meets in executive session when necessary.

Role of Executives in Establishing Compensation

While the Compensation Committee is responsible for recommending CEO and other executive officer compensation to the Board of Directors for approval in accordance with its Charter, the CEO in particular provides input and makes recommendations to the Compensation Committee with respect to compensation decisions for other executive officers. In fact, the CEO (along with management) is primarily responsible for making compensation decisions for our other employees within established guidelines. The Compensation Committee does, however, review and approve all stock-based awards. Since the Compensation Committee and the entire Board recognize that the CEO and other executive officers have the greatest opportunity to influence our performance, our Compensation Committee concentrates its efforts on establishing proper rewards and incentives for executive officers. This structure provides our CEO and executive officers the freedom to influence and motivate our employees to positively impact our Company performance within the guidelines established by the Compensation Committee.

Compensation Committee Activity

During fiscal year 2008, the Compensation Committee met six times and also met in February of 2009 to approve the Compensation Committee Report included in the Proxy Statement. Included in the activities of the Compensation Committee was a review of each element of compensation payable to named executive officers, as well as the total compensation payable to them, by use of an Executive Officer Compensation Tally Sheet and Stock Appreciation Tally Sheet. These Tally Sheets total aggregate compensation for the current year and for a certain number of previous years so that compensation decisions of the Compensation Committee and the Board can be placed in the appropriate context.

Objectives of Compensation Program

Compensation Philosophy. Our compensation program is comprised of three fundamental elements:

- base salary;
- bonuses; and
- stock-based incentives.

These elements are intended to reflect our cultural emphasis on all team members sharing in the financial opportunities and sacrifices at our Company, just as our shareholders do and are intended to avoid encouraging excessive and unnecessary risk taking. The compensation program is designed in light of our desire to maintain an entrepreneurial culture and to incentivize desired growth. The elements of compensation are utilized to accomplish several objectives, including:

- attract, motivate, and retain management personnel;
- encourage continued technical development and improve customer satisfaction;
- stay competitive for talent;
- encourage and reward individual achievement as well as overall Company performance; and
- focus on long-term performance (to align the interests of our team with the interests of our shareholders).

The compensation program is available to all of our salaried employees generally and in operation provides for the same method of allocation of benefits between executive and non-executive participants. Our compensation program is reviewed periodically. Ingenuity of our employees, employee turnover, employee morale, and individual and Company performance are important factors in determining whether our compensation program is consistent with our philosophy and is meeting its objectives. No changes to our compensation system were made this past year based on the determination that our compensation system is appropriate under the foregoing factors.

Compensation Elements in General

As noted above, the compensation program is comprised of three fundamental elements: (1) base salary; (2) bonus; and (3) stock-based incentives.

Base Pay. Base compensation for executive officers is predicated primarily on:

- competitive circumstances for managerial talent; and
- positions reflecting comparable responsibility.

Historically, base salaries for our employees have been relatively low, and stock-based compensation has received more emphasis to encourage our entrepreneurial culture. A variety of factors are considered concerning executive officer compensation which are discussed in more detail below.

Bonuses. Bonus compensation is comprised of two elements:

- payments under our Profit Sharing Bonus Plan; and
- discretionary performance bonuses.

All of our full-time employees, including the CEO and other executive officers, are eligible to share in our Profit Sharing Bonus Plan after they have completed one full calendar quarter in our employ. A percentage of pre-tax income, in excess of an established threshold for shareholder return on equity is distributed quarterly to eligible employees under this plan. During 2008, this Profit Sharing Bonus Plan paid approximately \$11,580,364 to approximately 2,802 employees. In addition, discretionary performance bonuses may be awarded to various managerial and technical employees, including named executive officers, based on individual performance and our overall performance.

Stock-Based Compensation. Stock-based compensation is intended to align the interests of shareholders and executives by making our executives shareholders in a significant amount. We attempt to foster and maintain an entrepreneurial culture that seems to work best when our employees are owners and, therefore, win when our shareholders win. History and the current climate have confirmed for us that stock-based compensation provides appropriate incentives to improve long-term performance and is also a good retention tool. Stock-based compensation includes:

- stock options; and
- restricted stock.

Stock options are granted under our Employee Stock Option Plan and restricted stock is granted under our Second Restricted Stock Plan, each of which has been approved by our shareholders.

Details of Compensation Program Design

The fundamental elements of our compensation program allow compensation to be impacted by our overall performance and by individual performance as well.

Impact of Performance on Compensation

Each year, the Compensation Committee undertakes a CEO performance review which involves a multi-step process. First, the entire Board of Directors evaluates CEO performance on a variety of factors including:

- leadership;
- financial results;
- recruitment, training, retention, and morale of personnel;
- strategic planning;
- succession planning;
- communications with the Board, management, employees, and shareholders;
- contributions to our communities and industries in furthering business goals; and
- Board relations.

The Compensation Committee gathers the results of this evaluation. The Compensation Committee then considers these evaluations and discusses the same with the CEO. Based on the foregoing, the Compensation Committee then makes compensation recommendations to the entire Board. Pursuant to this process, the CEO's base salary, discretionary performance bonus, and stock-based awards are determined and approved by the Board of Directors. Evaluations are also undertaken for non-CEO executive officers. Evaluations of all our employees take place on or about the employee's anniversary date of employment. Through these evaluation processes, the Compensation Committee and the Board can exercise positive or negative discretion concerning compensation decisions. Specific performance targets are not used as we have found that emphasizing stock-based compensation has not required them.

Instead, the Compensation Committee considers the foregoing factors in varying degrees. In its 2008 review of CEO performance, financial results, leadership (including staff changes), purchasing improvements, technological developments, and overseas growth, all impacted determination of CEO compensation by the Compensation Committee and our Board of Directors. Progress in strategic planning and succession planning were also considered in determining CEO compensation.

Specifics on Elements of Compensation for 2008

Tables. The "Summary Compensation Table for 2008" shows the base salary, bonuses, stock awards, stock option awards and other compensation for each of our named executive officers. Total compensation for each named executive officer is also reflected in that Table. The "Grants of Plan-Based Awards for 2008" Table demonstrates our emphasis on stock-based compensation. The "Outstanding Equity Awards at Fiscal Year-End December 31, 2008," Table and the "Option Exercises and Stock Vested for 2008" Table further demonstrate the aligning of our executive officers' interests with those of our shareholders. We continue to believe these compensation elements and the mix of these elements are appropriate for the Company given its culture, performance, industry, and current challenges.

Base Salary. The base salaries for our named executive officers are set forth in the “Summary Compensation Table for 2008.” The Company approved guidelines for 2008 that salaried employees, including executive officers, are eligible for an increase in base salary of up to 5% per year for performance alone and up to 10% per year total if increased responsibilities are undertaken (or, potentially, more in the case of a promotion). These guidelines have been revised to an increase in base salary of up to 3% for 2009 in the case where no additional responsibilities have been undertaken.

- For 2008, our CEO received a 3.7% increase in base pay, while our other executive officers received increases in base pay ranging from 4% to 5% (although Mr. Newton received a larger increase in base pay due to his promotion and appointment as an executive officer in 2008).
- Increases were predicated on good individual (based on the reviews discussed above) and company performance. The qualitative factors cited above in the review of CEO performance also impacted other executive officer compensation determinations.
- Base salaries for executives still remain relatively low as stock-based compensation is emphasized.

Bonuses. Profit Sharing Bonuses, in accordance with the above-described formula, and discretionary performance bonuses for named executive officers are also set forth in the “Summary Compensation Table for 2008.” The Company has approved a guideline such that employees, including executive officers, are eligible for discretionary performance bonuses of up to 20% of base salary (or, potentially more, in the case of a promotion or exemplary performance), based on individual and Company performance as determined in the evaluation process.

- CEO 2008 discretionary bonus — \$0.
- Other Executive Officer 2008 discretionary bonus — 1% to 16% (although Mark Newton received a larger bonus in connection with his promotion and exemplary performance).

Discretionary bonuses reflect our Compensation Committee’s positive and negative discretion. In addition, the Compensation Committee generally prefers to emphasize stock-based compensation for the CEO, as evidenced by the CEO not receiving a discretionary bonus in 2008.

Stock-Based Compensation. Our named executive officers are also eligible to receive grants of stock options under our Employee Stock Option Plan and grants of restricted stock under our Second Restricted Stock Plan. The Company has approved guidelines so that stock option awards up to an established percentage may be made under our Employee Stock Option Plan and restricted stock awards of up to an established percentage may be made under our Second Restricted Stock Plan, which guidelines in operation provide for the same method of allocation of benefits between executive and non-executive participants. During 2008:

- CEO — 108,000 stock option shares granted
- Other Executive Officers — 11,520 to 27,570 stock option shares granted
- No Restricted Stock Awards

These awards are predicated on both individual and company performance, while creating incentives to help achieve our long-term goals. In particular, in the case of our CEO, the Compensation Committee prefers stock option grants to the CEO rather than increasing base pay and discretionary bonuses to a level that would be more commensurate with the market for chief executive talent. In light of the fact that our CEO's base pay is relatively low, and the fact that he received no discretionary bonus or restricted stock award, our CEO was granted the foregoing stock option award in 2008, which will only benefit him if our shareholders benefit as well. While the variability of these compensation decisions among our executive officers demonstrates discretion with respect thereto, it also demonstrates how important it is to our culture for all our salaried employees to be compensated within the same parameters.

Our Employee Stock Option Plan makes stock options generally available to all of our salaried employees. All options, including those granted to named executive officers, are granted to employees around the end of the quarter in which their anniversary date of employment occurs at scheduled meetings of the Compensation Committee. Stock options are only granted at their fair market value on the date of Compensation Committee meetings with all such grants being reviewed and approved by the Compensation Committee. Generally, stock option awards to officers have a seven-year term and become exercisable (as long as employment continues), for 20% of the shares on each anniversary of the grant date commencing on the first anniversary of the grant date, although a five-year term might be used in order to incentivize certain behavior. Stock options for other employees generally carry a five- to seven-year term and similarly vest over time. Restricted stock awards are granted at the discretion of the Compensation Committee at scheduled meetings of the Compensation Committee. Generally, grants of restricted stock to eligible employees, including executive officers, are considered once every three years for each eligible employee. Usually, these share grants are restricted for five years from the date of grant, and as such are viewed as an important retention tool. Dividends are paid on such shares if, and to the extent, we pay dividends on our common stock.

Other Compensation. All other compensation for named executive officers set forth in the Summary Compensation Table for 2008 includes "matching" contributions by the Company pursuant to our 401(k) plan, restricted stock dividends, and the personal use of automobiles by certain executive officers as detailed in the notes to the Summary Compensation Table. Finally, membership fees at local country clubs are paid for certain executive officers as detailed in the notes to the Summary Compensation Table. We also make available to our executives Company aircraft for personal use provided it does not conflict with any business purpose for the aircraft. All executives are required to reimburse us for the incremental costs for such use. The incremental cost to the Company of personal use of Company aircraft is calculated using our average variable operating costs. Those average variable operating costs include fuel, maintenance, use tax and other miscellaneous variable costs.

We do not generally utilize any employment agreements as it has been our practice that all employees, including the CEO and other executive officers, serve the Company on an at-will basis. Similarly, we do not have any "golden parachute" agreements or contracts with current employees that guaranty severance payments.

Director Compensation

Our Board of Directors has responsibility for periodically assessing our director compensation program.

During 2008, our directors who are not employees of the Company received:

- \$10,000 annual directors' retainer fee;
- \$1,500 for each Board meeting attended;
- \$1,000 for each Committee meeting attended; and
- options to purchase 6,000 shares of our common stock.

The Chairmen of our Compensation and Audit Committees also received an additional retainer fee in the amount of \$3,000. The non-employee directors annual option to purchase 6,000 shares of our common stock is at a price per share equal to the closing price of our stock on the NASDAQ on the date of each annual meeting of shareholders in accordance with our shareholder approved Nonemployee Director Stock Option Plan. See the Director Compensation Table for 2008. Like executives, Board members may make personal use of Company aircraft if such use does not conflict with any business purpose for the aircraft and provided the director reimburses us for the incremental cost of such use. We believe this director compensation to be reasonable and appropriate.

Stock Ownership

The Company has adopted Stock Ownership Guidelines (*) providing that executive officers should own three times their annual salaries in Company common stock and directors should own two times their annual director fees in Company common stock.

Impact of Regulatory Requirements

In making compensation design and award decisions, we have considered the ability to deduct compensation in accordance with Internal Revenue Code Section 162(m). We have also considered the impact of Section 16 of the Securities and Exchange Act of 1934 and rules promulgated thereunder. Since we do not have a deferred compensation plan, it has not been necessary for us to consider the impact of Internal Revenue Code Section 409A in compensation design and award decisions. We have also undertaken certain actions disclosed in our SEC filings with respect to the impact of expensing stock-based awards (including stock options) under Statement of Financial Account Standards (SFAS) 123 (revised), "Share-Based Payment" [SFAS 123(R)]. The new executive compensation disclosure rules applicable to annual reports and proxy statements after December 15, 2006, have had no material impact on our decisions regarding compensation.

Conclusion

We have reached the conclusion that each individual element of compensation, as well as the total compensation, delivered to our named executive officers and to our directors during 2008 are reasonable, appropriate, and in the best interests of our Company and our shareholders. That determination is based on a continuation of our compensation philosophy and practices which we believe align both the short-term and long-term interests of our employees with those of our shareholders. Although changes were considered given the downturn in the automotive industry, no changes were made during 2008. It remains the case that each element of our compensation program is important to accomplishing the Company's goals of creating an entrepreneurial environment so that our employees are motivated to remain with us, individually perform to the best of their abilities, and focus on our long-term success.

Mr. Jen has 27,370, Mr. Newton has 4,013, and Mr. Dykman has 27,240 five-year options, that become exercisable, as long as employment with the Company continues, for twenty five percent of the shares each anniversary of the grant date commencing on the first anniversary of the grant date. The options were granted to Mr. Newton and Mr. Dykman before they became executive officers. Five-year options were granted to Mr. Jen to encourage him to remain with the Company. On March 30, 2005, in response to the required implementation of SFAS No. 123(R), the Company accelerated the vesting of current "under water" stock options. As a result of the vesting acceleration, stock option grants with an expiration date of 8/12/10, 9/24/10, 3/26/11, 6/30/11, 8/12/11 and 9/29/11 became immediately exercisable.

(2) The exercise price was the closing price of the stock on the date the Compensation Committee met to approve the option grants. The exercise price may be paid in cash, in shares of the Company's common stock, and/or by the surrender of the exercisable options valued at the difference between the exercise price and the market value of the underlying shares.

(3) Assuming continued employment with the Company, restrictions on shares lapse upon the expiration of five years from the date of grant. Dividends are and will be paid on these shares if, and to the same extent, paid on the Company's common stock.

(1) Directors who are employees of the Company receive no compensation for services as directors. Directors who are not employees of the Company receive a director's retainer in the amount of \$10,000 per year plus \$1,500 for each meeting of the Board attended and \$1,000 for each committee meeting attended. Directors who are chairman of the Compensation and Audit Committees receive an additional retainer fee in the amount of \$3,000 per year.

Each option has a term of ten years and becomes exercisable in full six months after the date of grant. For each outstanding stock option award, the value shown is what is also included in the Company's financial statements per SFAS 123(R). See the Company's Annual Report (Footnote 6) for the year ended December 31, 2008, for a complete description of the SFAS 123(R) valuation.

(4) The Company has entered into a consulting agreement with John Mulder subsequent to his retirement in June 2002. During 2008, the Company paid Mr. Mulder \$2,000 in consulting fees, plus reimbursement of business expenses.

Compensation Committee Interlocks and Insider Participation

The Compensation Committee is currently comprised solely of members of the Company's Board of Directors who are independent under the applicable NASDAQ listing standards. The Compensation Committee is responsible for supervising the Company's executive compensation arrangements, including the making of decisions with respect to the award of stock-based incentives for executive officers. During the fiscal year ended December 31, 2008, Frederick Sotok served as a member of the Compensation Committee. See "Certain Transactions" below for additional information.

CERTAIN TRANSACTIONS

The Audit Committee of the Company reviews and approves all related party transactions in accordance with its Charter. The Code of Business Conduct and Ethics requires directors, officers, and employees to report these types of matters. In addition, the Company uses questionnaires for its directors and officers annually in part to discover any unreported related-party transactions. The approval of the Audit Committee is required for related-party transactions.

Since 1978, prior to the time the Company became a publicly held corporation, the Company has leased a building that previously housed its main office, manufacturing and warehouse facilities, and currently houses production operations for the Company's fire protection products. The lessor for that building is G & C Associates, a general partnership, and nearly all of the partnership interests in G & C Associates are held by persons related to Fred Bauer. The lease is a "net" lease, obligating the Company to pay all expenses for maintenance, taxes, and insurance, in addition to rent. During 2008, the rent paid to this partnership was \$52,153, and the rent for the current fiscal year is the same. The Board of Directors believes that the terms of this lease are at least as favorable to the Company as could have been obtained from unrelated parties.

Philip A. Sotok, the son of director Frederick Sotok, is an employee and has an indirect interest in a vendor of the Company. For a period of time starting on or about January 1, 2009, the Company has agreed to utilize this vendor, a certified minority supplier, as a distributor for certain electronic components. This vendor expects to realize net distribution fees of approximately \$3,000,000 between 2009 and 2012. By virtue of an indirect interest, Philip A. Sotok could realize approximately \$6,500.

Jeremy Fogg, Director of Mechanical Program Management, is the son-in-law of Fred Bauer, the Company's Chairman of the Board and Chief Executive Officer. In 2008, Jeremy Fogg earned \$150,372, including profit-sharing and performance-based bonuses. Jeremy Fogg also received an option to purchase 7,500 shares of Gentex common stock at an exercise price of \$14.30. All of Mr. Fogg's compensation is determined under and in accordance with the Company's existing compensation plans and policies applicable to all salaried employees.

The Company is highly selective, and hires new employees based upon merit. Employees may also be eligible for certain other benefits which are similarly available on no less favorable terms to other employees of the Company at the same level and pay rate. Family members of any employee are not discouraged from seeking employment.

RATIFICATION OF APPOINTMENT OF INDEPENDENT AUDITORS – PRINCIPAL ACCOUNTING FEES AND SERVICES

The Audit Committee and Board of Directors have selected, and submits to shareholders for ratification, Ernst & Young LLP to serve as the Company's independent auditors for the fiscal year ending December 31, 2009. The following fees were billed by Ernst & Young LLP, the Company's independent auditors, for the services provided to the Company during the fiscal years ended December 31:

	<u>2008</u>	<u>2007</u>
Audit Fees	\$ 193,900	\$ 189,100
Audit-Related	--	--
Tax Fees	--	57,000
All Other	--	--
Total	<u>\$ 193,900</u>	<u>\$ 246,100</u>

Audit fees include the annual audit of the Company's consolidated financial statements, the audit of internal control over financial reporting, timely quarterly reviews, foreign statutory audits and consultations concerning accounting matters associated with the annual audit. Tax services primarily include amounts billed for assistance with the calculation of the extra-territorial exclusion. All non-audit services were pre-approved by the Audit Committee pursuant to the Revised Audit Committee Procedures for Approval of Audit and Non-audit Services by Independent Auditors, which is attached as Appendix A to this Proxy Statement.

Although ratification of the independent auditors by the Company's shareholders is not legally required, our Audit Committee and Board of Directors believes that submission of this matter to the shareholders follows sound business practice and is in the best interest of shareholders in the current environment. If the shareholders do not approve the selection of Ernst & Young LLP, the selection of such firm as our independent auditors will be reconsidered by the Audit Committee.

Representatives of Ernst & Young are expected to be present at the Annual Meeting to respond to appropriate questions and will have an opportunity to make a statement if they desire.

SECTION 16(A) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Based upon a review of Forms 3, 4, and 5 furnished to the Company during or with respect to the preceding fiscal year and written representations from certain reporting persons, the Company is not aware of any failure by any reporting person to make timely filings of those Forms as required by Section 16(a) of the Securities Exchange Act of 1934, except that Wallace Tsuha was late in reporting the open market purchase of 1,000 shares in October of 2008.

SHAREHOLDER PROPOSALS

Any proposal of a shareholder intended to be presented at the 2010 Annual Meeting of the Company must be received by the Company at its headquarters, c/o Corporate Secretary's Office, 600 North Centennial Street, Zeeland, Michigan 49464, no later than December 4, 2009, if the shareholder wishes the proposal to be included in the Company's Proxy Statement relating to that meeting. In addition, the Company's Bylaws contain certain notice and procedural requirements applicable to shareholder proposals, irrespective of whether the proposal is to be included in the Company's Proxy materials. To be timely, such a shareholder's notice must be delivered, or mailed and received at, the Company's headquarters 60 days prior to the scheduled meeting date as the meeting date was announced on January 29, 2009. A copy of the Company's Bylaws is filed with the Securities and Exchange Commission and can be obtained from the Public Reference Section of the Commission or the Company.

MISCELLANEOUS

The Company's Annual Report to Shareholders, including financial statements, is being delivered to shareholders with this Proxy Statement.

Management is not aware of any matters to be presented for action at the Annual Meeting other than as set forth in this Proxy Statement. If other business should come before the meeting, it is the intention of the persons named as Proxy holders in the accompanying Proxy to vote the shares in accordance with their judgment. Discretionary authority to do so is included in the Proxy.

The cost of the solicitation of Proxies will be borne by the Company. In addition to the use of the mail and e-mail, Proxies may be solicited personally or by telephone or facsimile by a few regular employees of the Company without additional compensation. The Company does not intend to pay any compensation for the solicitation of Proxies, except that brokers, nominees, custodians, and other fiduciaries will be reimbursed by the Company for their expenses in connection with sending Proxy materials to registered and beneficial owners and obtaining their Proxies.

Shareholders are urged to promptly vote your shares either on the Internet (preferred method), via telephone, or by dating, signing, and returning the accompanying Proxy in the enclosed envelope.

The Board shall designate one member of the Audit Committee as Chair. Audit Committee members may be replaced by the Board. A member of the Audit Committee shall not simultaneously serve on the audit committees of more than two other public companies.

III. MEETINGS:

A. Schedule. The Audit Committee shall hold regular meetings at least quarterly each fiscal year. The meeting schedule shall include sessions with management, and the independent auditor. IV. RESPONSIBILITIES:

The Company's management is responsible for preparing the Company's financial statements, and the independent auditor is responsible for auditing the Company's financial statements. In lieu of the entire Audit Committee undertaking such review and discussion, the Chair may review and discuss with management if the entire Audit Committee's involvement is not required by any applicable law, rule, or regulation.
 3. Review any management letters or other reports from the independent auditor, management's responses thereto, other communications between management and the independent auditor, and any subsequent updates on actions taken, as appropriate.

6. Discuss with management earnings press releases prior to dissemination, and financial information and earnings guidance provided to analysts and rating agencies. In lieu of the entire Audit Committee undertaking such discussions, the Chair may hold such discussions with management if the entire Audit Committee's involvement is not required by any applicable law, rule, or regulation.
7. Review management's assessment and report on the effectiveness of the Company's internal controls over financial reporting.

Select and appoint, determine the compensation of and funding for, evaluate, and provide oversight of the Company's independent auditor (engaged for the purpose of preparing or issuing an audit report or performing other audit, review or attest services), including the removal of the Company's independent auditor, all within the Audit Committee's sole authority. The independent auditor shall report and be accountable directly to the Audit Committee, and the Audit Committee shall oversee the resolution of any disagreements between management and the independent auditor.
 2. On an annual basis, receive from the independent auditor a formal written statement delineating, and review and discuss with the independent auditor, all relationships the auditor has with the Company (consistent with applicable requirements) to determine the auditor's objectivity and independence, undertaking or recommending appropriate action to ensure and continue that independence.
 3. Implement and administer the Company's Policy Regarding the Approval of Audit and Permissible Non-Audit Services Provided by the Independent Auditor.

C. Financial Reporting Processes

- 1. Review the integrity of the Company's financial reporting process, both internal and external, giving consideration to consultation with management and the independent auditors.
- 2. Review the Company's critical accounting policies and practices, and alternative treatments, as well as consider and approve, as appropriate, major changes to the Company's accounting policies and practices or internal controls over financial reporting as suggested by the independent auditor and/or management. - 3. Review and approve all related party transactions.
- 4. Establish and maintain procedures for the receipt, retention and treatment of complaints regarding accounting, internal accounting controls, or auditing matters, including procedures necessary to receive and respond to confidential and anonymous submissions by Company employees regarding questionable accounting or auditing matters.

2. Review, with the Company's counsel, legal compliance matters including corporate securities trading policies.
3. Review, with the Company's counsel, any legal matter that could have a significant impact on the Company's financial statements.
4. Discuss the Company's risk assessment and risk management, any steps taken by management to control or mitigate risk exposure, as well as any audit problems or difficulties and management's response.

F. Other

1. Prepare the Audit Committee report, in accordance with all applicable rules and regulations, to be included in the Company's annual proxy statement to shareholders.
2. Perform an annual self-assessment relative to the Audit Committee's purpose, duties and responsibilities set forth in this Charter.

The Audit Committee has the sole authority to retain and determine the funding for such advisors and shall be given the necessary resources to retain such advisors and to otherwise fulfill its functions as set forth in this Charter.
4. Perform any other activities consistent with this Charter, the Company's Bylaws and governing law, as the Audit Committee or the Board of Directors deems necessary or appropriate.

V. LIMITATIONS:

While the Audit Committee has the responsibilities and powers set forth in this Charter, it is not the duty of the Audit Committee to plan or conduct audits or to determine if the Company's financial statements and disclosures are complete and accurate and are in accordance with generally accepted accounting principles and applicable rules and regulations.
